

MANAGEMENT  
INFORMATION CIRCULAR

APRIL 24, 2012

AND NOTICE OF ANNUAL  
MEETING OF SHAREHOLDERS

March 13, 2012

Dear Shareholder:

On behalf of the Board of Directors and Management of Canadian National Railway Company (the "Company"), we cordially invite you to attend the annual meeting of shareholders that will be held this year at the World Trade and Convention Centre, Grand Ballroom (Room 200C), 1800 Argyle Street, Halifax, Nova Scotia (Canada), on Tuesday, April 24, 2012, at 10:00 a.m. (Atlantic Daylight Time).

This Information Circular describes the business to be conducted at the meeting and provides information on executive compensation and CN's governance practices. In addition to these items, we will discuss, at the meeting, highlights of our 2011 performance and our plans for the future. You will have the opportunity to meet and interact with your directors and the senior officers of the Company.

Your participation in the affairs of the Company is important to us. If you are unable to attend in person, we encourage you to complete and return the enclosed proxy form or voting instruction form in the envelope provided for this purpose so that your views can be represented. Also, it is possible for you to vote over the Internet by following the instructions on the enclosed forms. Even if you plan to attend the meeting, you may find it convenient to express your views in advance by completing and returning the proxy form or voting instruction form or by voting over the Internet.

If your shares are not registered in your name but are held in the name of a nominee, you may wish to consult the information on page 5 of the Information Circular with respect to how to vote your shares.

A live webcast of the meeting will be available on the Company's website at [www.cn.ca](http://www.cn.ca).

We look forward to seeing you at the meeting.

Sincerely,

A handwritten signature in black ink, appearing to read 'Claude Mongeau'.

# QUESTIONS AND ANSWERS

## Voting and Proxies

The following questions and answers provide guidance on how to vote your shares.

### Who can vote?

Shareholders who are registered as at the close of business on March 7, 2012 (the “record date”), will be entitled to vote at the Meeting or at any adjournment or postponement thereof, either in person or by proxy.

As of the close of business on February 29, 2012, the Company had outstanding 440,405,713 common shares without par value. Subject to the voting restrictions described below, each common share carries the right to one vote.

To the knowledge of the Directors and senior officers of the Company, based on the most recent publicly available information, the only person who beneficially owns, or exercises control or direction over, directly or indirectly, shares carrying 10% or more of the voting rights attached to any class of shares of the Company is Mr. William H. Gates, III, who, as the sole member of Cascade Investment, L.L.C. and a co-trustee of the Bill & Melinda Gates Foundation Trust, is deemed to have beneficial ownership of and/or control or direction over 50,020,031 common shares of the Company representing 11.36% of the outstanding common shares of CN as of February 29, 2012.

### What will I be voting on?

Shareholders will be voting (i) to elect directors of the Company, (ii) to appoint KPMG LLP as auditors of the Company, and (iii) in an advisory, non-binding capacity, on the approach to executive compensation disclosed in the Statement of Executive Compensation section of this Information Circular. Our Board of Directors and our management are recommending that shareholders vote FOR items (i), (ii) and (iii).

### How will these matters be decided at the meeting?

A simple majority of the votes cast, in person or by proxy, will constitute approval of these matters.

### Who is soliciting my proxy?

Management of the Company is soliciting your proxy. The solicitation is being made primarily by mail, but our directors, officers or employees may also solicit proxies at a nominal cost to the Company. The Company has retained and will pay for the services of Phoenix Advisory Partners for the solicitation of proxies in Canada and the United States, at an aggregate cost estimated to be C\$30,000 plus additional costs relating to out-of-pocket expenses.

### Who can I call with questions?

If you have questions about the information contained in this Information Circular or require assistance in completing your form of proxy, please call Phoenix Advisory Partners, the Company’s proxy solicitation agent, toll-free at 1-800-926-6756 or by e-mail at [inquiries@phoenixadvisorypartners.com](mailto:inquiries@phoenixadvisorypartners.com).

### How can I contact the transfer agent?

You can contact the transfer agent either by mail at Computershare Trust Company of Canada, 100 University Ave., 9th Floor, Toronto, Ontario M5J 2Y1, by telephone at 1-800-564-6253, by fax at 1-888-453-0330 or by email at [service@computershare.com](mailto:service@computershare.com).

### How do I vote?

If you are eligible to vote and your common shares are registered in your name, you can vote your common shares in person at the Meeting or by proxy, as explained below. If your common shares are held in the name of a nominee, please see the instructions below under “How do I vote if I am a non-registered shareholder?”.

### What are the voting restrictions?

Our articles of incorporation, as amended, provide that no person, together with his or her associates, shall hold, beneficially own or control, directly or indirectly, voting shares to which are attached more than 15% in the aggregate of the votes attached to all our voting shares that may ordinarily be cast to elect directors of the Company. In addition, where the total number of voting shares held, beneficially owned or controlled, directly or indirectly, by any one person together with his or her associates exceeds such 15% maximum, no person shall, in person or by proxy, exercise the voting rights attached to the voting shares held, beneficially owned or controlled, directly or indirectly, by such person or his or her associates.

## How do I vote if I am a registered shareholder?

### 1. VOTING BY PROXY

You are a registered shareholder if your name appears on your share certificate. If this is the case, you may appoint someone else to vote for you as your proxy holder by using the enclosed form of proxy. The persons currently named as proxies in such form of proxy are the Board Chair and the President and Chief Executive Officer of the Company. However, you have the right to appoint any other person or company (who need not be a shareholder) to attend and act on your behalf at the Meeting. That right may be exercised by writing the name of such person or company in the blank space provided in the form of proxy or by completing another proper form of proxy. Make sure that the person you appoint is aware that he or she is appointed and attends the Meeting.

- **How can I send my form of proxy?**

You can either return a duly completed and executed form of proxy to the transfer agent and registrar for the Company's common shares, Computershare Trust Company of Canada, in the envelope provided, or you can vote over the Internet by following the instructions on the form of proxy.

- **What is the deadline for receiving the form of proxy?**

The deadline for receiving duly completed forms of proxy or a vote over the Internet is 5:00 p.m. (Atlantic Daylight Time) on April 23, 2012, or if the Meeting is adjourned or postponed, by no later than 5:00 p.m. (Atlantic Daylight Time) on the business day prior to the day fixed for the adjourned or postponed meeting.

- **How will my common shares be voted if I give my proxy?**

Your common shares will be voted or withheld from voting in accordance with your instructions indicated on the proxy. If no instructions are indicated, your common shares represented by proxies in favour of the Board Chair or the President and Chief Executive Officer will be voted as follows:

- FOR the election of management's nominees as directors,
- FOR the appointment of KPMG LLP as auditors,
- FOR, in an advisory, non-binding capacity, the approach to executive compensation disclosed in the Statement of Executive Compensation section of this Information Circular,

and at the discretion of the proxy holder in respect of amendments to any of the foregoing matters or on such other business as may properly be brought before the Meeting. Should any nominee named herein for election as a director become unable to accept nomination for election, it is intended that the person acting under proxy in favour of management will vote for the election in his or her stead of such other person as management of the Company may recommend. Management has no reason to believe that any of the nominees for election as directors will be unable to serve if elected to office and management is not aware of any amendment or other business likely to be brought before the Meeting.

- **If I change my mind, how can I revoke my proxy?**

You may revoke your proxy at any time by an instrument in writing (which includes another form of proxy with a later date) executed by you, or by your attorney (duly authorized in writing), and (i) deposited with the Corporate Secretary of the Company at the registered office of the Company (935 de La Gauchetière Street West, Montréal, Quebec, Canada, H3B 2M9) at any time up to and including 5:00 p.m. (Atlantic Daylight Time) on the last business day preceding the day of the Meeting or any adjournment or postponement thereof, or (ii) filed with the chair of the Meeting on the day of the Meeting or any adjournment or postponement thereof, or in any other manner permitted by law or in the case of a vote over the Internet, by way of a subsequent Internet vote.

### 2. VOTING IN PERSON

If you wish to vote in person, you may present yourself to a representative of Computershare Trust Company of Canada at the registration table. Your vote will be taken and counted at the Meeting. **If you wish to vote in person at the Meeting, do not complete or return the form of proxy.**

### How do I vote if I am a non-registered shareholder?

If your common shares are not registered in your name and are held in the name of a nominee such as a trustee, financial institution or securities broker, you are a “non-registered shareholder”. If your common shares are listed in an account statement provided to you by your broker, those common shares will, in all likelihood, not be registered in your name. Such common shares will more likely be registered under the name of your broker or an agent of that broker. Without specific instructions, brokers and their agents or nominees are prohibited from voting shares for the broker’s client. If you are a non-registered shareholder, there are two ways, listed below, that you can vote your common shares:

#### 1. GIVING YOUR VOTING INSTRUCTIONS

Applicable securities laws require your nominee to seek voting instructions from you in advance of the Meeting. Accordingly, you will receive or have already received from your nominee a request for voting instructions for the number of common shares you hold. Every nominee has its own mailing procedures and provides its own signature and return instructions, which should be carefully followed by non-registered shareholders to ensure that their common shares are voted at the Meeting.

#### 2. VOTING IN PERSON

However, if you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions provided by your nominee to appoint yourself as proxy holder and follow the signature and return instructions of your nominee. Non-registered shareholders who appoint themselves as proxy holders should present themselves at the Meeting to a representative of Computershare Trust Company of Canada. Do not otherwise complete the request for voting instructions sent to you as you will be voting at the Meeting.

### How do I vote if I own Employee Shares?

Common shares purchased by employees of the Company under its Canadian and U.S. Employee Share Investment Plans and its Union and Management Savings Plans for U.S. Operations (the “Plans”), are known as “Employee Shares”. Employee Shares remain registered in the name of the Plans’ custodian (the “custodian”), unless the employees have withdrawn their common shares from the Plans in accordance with their provisions.

Voting rights attached to the Employee Shares that are registered in the name of the custodian can be exercised by employees, or their attorneys authorized in writing, by indicating on the enclosed voting instruction form the necessary directions to the custodian or any other person or company (who need not be a shareholder) as to how they wish their Employee Shares to be voted at the Meeting. Beneficial owners of Employee Shares may also give such voting instructions by telephone or over the Internet. The Employee Shares will be voted pursuant to the directions of the beneficial owner. If no choice is specified for an item, the Employee Shares will be voted in accordance with management’s recommendations mentioned above and at the discretion of the custodian or such other person indicated, in respect of amendments to the items mentioned on the enclosed voting instruction form or on such other business as may properly be brought before the Meeting. Only Employee Shares in respect of which a voting instruction form has been signed and returned (or in respect of which the employee has given voting instructions by telephone or over the Internet) will be voted. If you wish to vote Employee Shares in person at the Meeting, refer to paragraph 2 of the section entitled “How do I vote if I am a non-registered shareholder?”

A holder of Employee Shares may revoke his or her directions, as indicated on a voting instruction form, at any time by an instrument in writing executed by the holder of Employee Shares, or by the holder’s attorney duly authorized in writing, provided such written instrument indicating the holder’s intention to revoke is (i) deposited with the Corporate Secretary of CN at the registered office of CN at any time up to and including 5:00 p.m. (Atlantic Daylight Time) on the last business day preceding the day of the Meeting or any adjournment or postponement thereof, or (ii) filed with the chair of the Meeting on the day of the Meeting or any adjournment or postponement thereof, or in any other manner permitted by law, or in the case of directions given by telephone or over the Internet, by way of subsequent telephone or internet directions.

The voting instruction form must be used only with respect to Employee Shares. In the event that an employee holds common shares outside the Plans, he or she must also complete the enclosed form of proxy with respect to such additional common shares. No form of proxy is to be completed with respect to Employee Shares.

# BUSINESS OF THE MEETING

## Financial Statements

Our consolidated financial statements for the year ended December 31, 2011, together with the auditors' reports thereon, are included in the 2011 Annual Report of the Company, available on our website at [www.cn.ca](http://www.cn.ca), on SEDAR at [www.sedar.com](http://www.sedar.com), in the Company's annual report on Form 40-F available on EDGAR at [www.sec.gov](http://www.sec.gov), on our website at [www.cn.ca](http://www.cn.ca), and in print, free of charge, to any shareholder who requests copies by contacting our Corporate Secretary at (514) 399-7091 or Investor Relations at (514) 399-0052.

## Election of Directors

Our articles of incorporation, as amended, provide that our Board of Directors shall consist of a minimum of seven and a maximum of 21 directors (hereinafter the "Board" or "Board of Directors"). Pursuant to a resolution of the Board of Directors, 13 persons are to be elected as directors for the current year, each to hold office until the next annual meeting of shareholders or until such person's successor is elected or appointed.

The term of office of each of the present directors expires at the close of the Meeting. The persons named in the section entitled "Nominees for Election to the Board – Description of Nominees" will be presented for election at the Meeting as management's nominees. All of the nominees proposed for election as directors are currently directors of the Company. All persons nominated were recommended to the Board of Directors by the Corporate Governance and Nominating Committee. Unless authority is withheld, the persons designated in the accompanying form of proxy or voting instruction form intend to vote FOR the election of these nominees. The persons nominated are, in the opinion of the Board of Directors and management, well qualified to act as directors of the Company for the ensuing year and have confirmed their willingness to serve as directors. The Board of Directors and management do not contemplate that any of these nominees will be unable to serve as a director, but should that occur for any reason before the Meeting, the persons designated in the accompanying form of proxy or voting instruction form reserve the right to vote for another nominee at their discretion unless the shareholder who has given such proxy or voting instruction form has directed that the common shares be withheld from voting on the election of any of the directors.

## Appointment of Auditors

The Board of Directors and the Audit Committee recommend that KPMG LLP be appointed to serve as our auditors until the next annual meeting of shareholders. **Unless authority is withheld, the persons designated in the accompanying form of proxy or voting instruction form intend to vote FOR the appointment of KPMG LLP as auditors of the Company to hold office until the next annual meeting of shareholders.**

## Advisory Vote on Executive Compensation

Similarly to last year, the Company is again providing its shareholders with an annual opportunity to cast at its annual meeting an advisory vote on the Company's approach to executive compensation, as disclosed in the Statement of Executive Compensation section of this Information Circular. Such section describes the role of the Human Resources and Compensation Committee in overseeing compensation of executives and ensuring that it is linked to the Company's three-year business plan. The section also describes the Company's executive compensation principles, the structure of the compensation plans for executives, and the alignment of such plans with the interests of our shareholders.

**The Board of Directors recommends that shareholders vote FOR the resolution set out below and, unless otherwise instructed, the persons designated in the form of proxy intend to vote FOR the following resolution:**

"RESOLVED that, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, the shareholders accept the approach to executive compensation disclosed in the section entitled "Statement of Executive Compensation" of the Information Circular of the Company dated March 13, 2012."

The Board of Directors has adopted a policy to the effect that, if a majority of the shares represented in person or by proxy at the meeting are voted against the above non-binding advisory resolution, the Board Chair or the Chair of the Human Resources and Compensation Committee will oversee a process to engage with shareholders with a view to giving shareholders the opportunity to express their specific concerns. The Board of Directors and the Human Resources and Compensation Committee will consider the results of this process and, if appropriate, review the Company's approach to executive compensation in the context of shareholders' specific concerns.

- (1) The age of the directors is provided as at April 24, 2012, the date of the Meeting.
- (2) The information regarding common shares beneficially owned, controlled or directed has been furnished by the respective nominees individually and includes Directors Restricted Share Units ("DRSUs") elected as compensation by directors, as well as Deferred Share Units ("DSUs") under the Company's Voluntary Incentive Deferral Plan ("VIDP") in the case of Claude Mongeau, but does not include common shares under options. The VIDP provides eligible senior management employees the opportunity to elect to receive their annual incentive bonus payment and other eligible incentive payments in DSUs payable in cash upon retirement or termination of employment. The number of DSUs received by each participant is established using the average closing price for the 20 trading days prior to and including the date of the incentive payment. For each participant, the Company will grant a further 25% (Company match) of the amount elected in DSUs, which will vest over a period of four years. The election to receive eligible incentive payments in DSUs is no longer available to a participant when the value of the participant's vested DSUs is sufficient to meet the Company's stock ownership guidelines. The value of each participant's DSUs is payable in cash at the time of cessation of employment. For further details on the VIDP, please see the Deferred Compensation Plans section of this Information Circular.
- (3) The Value at Risk represents the total value of common shares and DRSUs (or DSUs for Mr. Mongeau) which total value is based on the February 29, 2012 closing price of the common shares on the Toronto Stock Exchange (C\$76.24) or the New York Stock Exchange (US\$76.99) for Michael R. Armellino, Donald J. Carty, Ambassador Gordon D. Giffin, Edith E. Holiday and James E. O'Connor using the closing exchange rate (US\$1 = C\$0.9895) on the same date.
- (4) The information regarding options comprises the options granted to Mr. Mongeau under the Management Long-Term Incentive Plan. For further details on the plan, please see "Statement of Executive Compensation – Management Long-Term Incentive Plan".
- (5) The Donations Committee and the Investment Committee of CN's Pension Trust Funds are mixed committees composed of both members of the Board of Directors as well as officers of the Company.
- (6) Includes Directors Restricted Share Units as at February 29, 2012, in the following amounts: A. Charles Baillie: 53,343; Hugh J. Bolton: 43,935; Donald J. Carty: 5,073; Ambassador Gordon D. ## Board of Directors Compensation

The directors of the Company play a central role in enhancing shareholder value. As indicated under “Nominees for Election to the Board – Board of Directors Compensation – Share Ownership” on page 16, the directors have a substantial investment in the Company. In addition, approximately 68% of the total annual remuneration of the non-executive directors for 2011 was in the form of common shares or Directors Restricted Share Units (“DRSUs”). Subject to the Minimum Shareholding Requirement as defined on page 16 of this Information Circular, directors may elect to receive all or part of their director, committee member, Board Chair and Committee Chair cash retainers either in cash, common shares of the Company purchased on the open market or DRSUs. They may also elect to receive their common share grant retainers in DRSUs. Each DRSU entitles the beneficiary thereof to receive upon resignation, retirement or death, one common share of the Company purchased on the open market, plus additional DRSUs reflecting dividend equivalents.

CN’s compensation program is designed to attract and retain the most qualified people to serve on CN’s Board and Board Committees and takes into account the risks and responsibilities of being an effective director. To reflect the Company’s extensive operations in the United States, six of the non-executive director nominees are from the United States and the compensation of the non-executive directors of the Company tends to be comparable to that of large U.S.-based companies.

In 2010, given the expiry of the then current compensation program, the Chair of the Corporate Governance and Nominating Committee and the Chair of the Human Resources and Compensation Committee reviewed the amount and form of compensation for non-executive directors. After a review of best practices and director compensation trends, including those of other Class I Railroads, it was decided that beginning in 2011, the annual share grant portion of the Director and Board Chair retainers would no longer be comprised of a fixed number of shares and would be replaced with a common share grant valued at US\$175,000 for directors, and a common share grant valued at US\$350,000 for the Board Chair. This approach provides greater consistency in total director compensation while keeping the alignment with shareholders’ interest. The change resulted in a year-over-year reduction of 21% in average total compensation for CN directors and 36% for the Board Chair when compared to 2010 compensation. Committee member and Committee Chair retainers remained unchanged at US\$3,500 for Committee Members and US\$15,000 for Committee Chairs, except for the Chairs of the Audit and the Human Resources and Compensation Committees who received a Committee Chair retainer of US\$25,000 inclusive for acting as Chair and members of such Committees. Committee Chairs no longer received a separate committee member retainer for the

Committees they chair. Moreover, the Board Chair received no additional Director retainer, nor Committee Chair or Committee Member retainers. All other aspects of director compensation remain unchanged from prior years: The cash retainer amount remained at US\$15,000 for directors and US\$120,000 for the Board Chair, directors and the Board Chair continued to receive Board Meeting, Committee Meeting and Travel Attendance fees of US\$1,500.

The compensation structure and level for CN’s directors was recommended by the Corporate Governance and Nominating Committee and approved by the Board in 2011, and is reviewed annually. In consideration for serving on the Board of Directors in 2011, CN’s directors were compensated as indicated in the table below:

TYPE OF FEE	AMOUNT
Board Chair Cash Retainer <sup>(1)</sup>	US\$120,000 <sup>(2)</sup>
Board Chair Share Grant Retainer	US\$350,000 <sup>(2)</sup>
Director Cash Retainer <sup>(3)</sup>	US\$15,000 <sup>(2)</sup>

- (1) All directors earned compensation in U.S. currency. Compensation received in cash was converted to Canadian dollars using the average rate of exchange of the Bank of Canada for 2011 (US\$1 = C\$0.9891). Compensation elected to be received in common shares or DRUS was converted to Canadian dollars using the closing rate of exchange of the Bank of Canada (US\$1 = C\$0.9932), on the purchase day (January 27, 2011). In addition to the common shares or DRUS received by the directors and the Board Chair as described in note (3) below, the directors and the Board Chair may choose to receive all or part of their cash retainers in common shares or DRUS. The following directors made such election with respect to the amounts set forth beside their name: A. Charles Baillie (C\$43,701), Donald J. Carty (C\$14,898), The Hon. Edward C. Lumley (C\$43,701) and Robert Pace (C\$53,633). The amount of cash retainers elected to be received in common shares or DRUS is included in these columns.
- (2) Includes travel fees which amounted to a total of C\$136,496, in aggregate, for all directors.
- (3) Represents a common share grant valued at US\$175,000 received by each non-executive Director as part of the Director Retainer, and US\$350,000 for the Board Chair as part of the Board Chair Retainer. The value of such grant was calculated as at January 27, 2011 using the volume weighted average price on such date on the Toronto Stock Exchange (C\$68.9801) or the New York Stock Exchange (US\$69.3803) and converted using the closing exchange rate on the same date (US\$1 = C\$0.9932) for Michael R. Armellino, Donald J. Carty, Ambassador Gordon D. Giffin, Edith E. Holiday and James E. O'Connor.
- (4) Such values represent committee attendance fees received in cash for attendance to meetings of board committees of which they were not members. Such values were converted to Canadian dollars using the average rate of exchange of the Bank of Canada for 2011 (US\$1 = C\$0.9891).
- (5) Includes the value for 2011 of insurance premiums for accidental death and dismemberment insurance as well as 2011 medical and dental coverage for David G.A. McLean in Canada and the U.S. The total cost to the Company for such benefits is equal to C\$2,067.
- (6) This percentage is calculated by dividing the aggregate of the cash retainer elected by non-executive directors to be received in common shares or DRUS described in note (1) above and the value provided under the share-based awards column, by the value provided under the total column.

## Outstanding Share-based Awards

The table below reflects all awards outstanding as at December 31, 2011 with respect to non-executive directors.

- (1) Shows information regarding DRSUs held by non-executive directors as of December 31, 2011. The directors may choose to receive all or part of their cash retainers in common shares or DRSUs and their common share retainer can also be received in DRSUs. Pursuant to the terms of the Directors Restricted Share Units, directors or their estates can only access their DRSUs upon retirement or resignation from the Company's Board, or death.
- (2) The value of outstanding DRSUs is based on the closing price of the common shares on December 31, 2011, on the Toronto Stock Exchange (C\$80.15) or the New York Stock Exchange (US\$78.56) for Donald J. Carty, Ambassador Gordon D. Giffin and Edith E. Holiday, using the December 31, 2011 closing exchange rate (US\$1 = C\$1.0170).

## Share Ownership

The Board has adopted a guideline stating that each non-executive director should own, within five years of joining the Board, common shares, DRSUs or similar share equivalents of CN, if any, with a value of at least the higher of: (i) C\$500,000, or (ii) three times the aggregate of the annual Director Retainer in cash and the annual common share or DRSU grant (and for the Board Chair, the aggregate of the Board Chair annual retainer in cash and the annual common share or DRSU grant) (the "Minimum Shareholding Requirement"). Each non-executive director shall continue to hold such value throughout his or her tenure as a director and the common shares, DRSUs or similar share equivalent of CN held to comply with the Minimum Shareholding Requirement shall not be the object of specific monetization procedures or other hedging procedures to reduce the exposure related to his or her holding. The aforementioned target was increased from C\$250,000 to C\$500,000 on March 8, 2011.

Each non-executive director is required to receive at least 50% of his or her annual Director, committee, Board Chair and Committee Chair cash retainers in common shares or DRSUs of CN and may elect to receive up to 100% of such retainers in common shares or DRSUs of CN until his or her Minimum Shareholding Requirement is met. Once the Minimum Shareholding Requirement is met, directors may elect to receive up to 100% of such retainers in common shares or DRSUs of CN. As of the date hereof, the average value of common shares (including DRSUs) of the Company owned by non-executive directors is approximately C\$6.8M (based on the February 29, 2012, closing price of the common shares of the Company on the Toronto Stock Exchange of (C\$76.24), or the New York Stock Exchange (US\$76.99) for U.S. directors.)

The following table provides information on the number and the value of common shares and DRSUs owned by the Company's current directors as at February 29, 2012, and the amount needed to meet the Minimum Shareholding Requirement.

(1) The number of common shares and DRSUs held by each director for 2012 is as at February 29, 2012, and for 2011 is as at February 25, 2011.

(2) Includes DRSUs elected as part of directors compensation and DSUs under the Company's VIDP held by Claude Mongeau.

(3) The total value is based on the February 29, 2012 closing price of the common shares on the Toronto Stock Exchange (C\$76.24) or the New York Stock Exchange (US\$76.99) for Michael R. Armellino, Donald J. Carty, Ambassador Gordon D. Giffin, Edith E. Holiday and James E. O'Connor, using the closing exchange rate (US\$1 = C\$0.9895) on the same date.

(4) Donald J. Carty and James E. O'Connor being new Board members have five years from their appointment to the Board to meet the guideline.

## Additional Disclosure Relating to Directors

As of the date hereof, to the knowledge of the Company and based upon information provided to it by the nominees for election to the Board of Directors, no such nominee is or has been, in the last 10 years, a director or executive officer of any company that, while such person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, except for the following:

- (i) Mr. Baillie, a director of the Company, was a director of Dana Corporation which filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code on March 3, 2006. Dana's European, South American, Asian-Pacific, Canadian and Mexican subsidiaries are not included in the Chapter 11 filing. Dana Corporation successfully emerged from Chapter 11 reorganization in February 2008. Mr. Baillie is no longer a director of Dana Corporation;
- (ii) Mr. Lumley, a director of the Company, was a director of Air Canada when it voluntarily filed for protection under the *Companies' Creditors Arrangement Act* ("CCAA") in April 2003. Air Canada successfully emerged from the CCAA proceedings and was restructured pursuant to a plan of arrangement in September 2004. Mr. Lumley is no longer a director of Air Canada;
- (iii) Mr. Mongeau, a director and the President and Chief Executive Officer of the Company, became a director of Nortel Networks Corporation ("NNC") and Nortel Networks Limited ("NNL") on June 29, 2006. On January 14, 2009, NNC, NNL and certain other Canadian subsidiaries initiated creditor protection proceedings under the CCAA in Canada. Certain U.S. subsidiaries filed voluntary petitions in the United States under Chapter 11 of the U.S. Bankruptcy Code, and certain Europe, Middle East and Africa subsidiaries made consequential filings in Europe and the Middle East. Mr. Mongeau resigned as a director of NNC and NNL effective August 10, 2009;
- (iv) Mrs. Kempston Darkes, a director of the Company, was an officer of General Motors Corporation ("GM") when GM filed for bankruptcy protection under Chapter 11 of the U.S. Bankruptcy Code on June 1, 2009. None of the operations for which she was directly responsible in Latin America, Africa and the Middle East were included in the bankruptcy filing. GM emerged from bankruptcy protection on July 10, 2009 in a reorganization in which a new entity acquired GM's most valuable assets. Mrs. Kempston Darkes retired as a GM officer on December 1, 2009; and
- (v) Mr. Giffin, a director of the Company, was a director of AbitibiBowater Inc. until January 22, 2009. AbitibiBowater Inc. and certain of its U.S. and Canadian subsidiaries filed voluntary petitions in the United States under Chapter 11 of the U.S. Bankruptcy Code on April 16, 2009. AbitibiBowater Inc. and certain of its Canadian subsidiaries filed for creditor protection under the CCAA in Canada on April 17, 2009. Mr. Giffin is no longer a director of AbitibiBowater Inc.

# STATEMENT OF CORPORATE GOVERNANCE PRACTICES

## General

We are committed to adhering to the highest standards of corporate governance and our corporate governance practices were designed in a manner consistent with this objective. The role, specific mandate and functioning rules of the Board of Directors and of each of its committees are set forth in our Corporate Governance Manual which was formally approved by the Board of Directors on January 21, 2003, and last amended on March 13, 2012. Our Corporate Governance Manual is available on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance. It is revised regularly with a view to continually improving our practices by assessing their effectiveness and comparing them with evolving practices, the changing circumstances and our needs. Our Corporate Governance Manual forms part of the documentation given to all persons elected or appointed to the Board of Directors.

As a Canadian reporting issuer with securities listed on the Toronto Stock Exchange (“TSX”) and the New York Stock Exchange (“NYSE”), our corporate governance practices comply with applicable rules adopted by the Canadian Securities Administrators (the “CSA”) and applicable provisions of the U.S. *Sarbanes-Oxley Act* of 2002 (the “*Sarbanes-Oxley Act*”) and related rules of the U.S. Securities and Exchange Commission (“SEC”). We are exempted from complying with many of the NYSE corporate governance rules, provided that we comply with Canadian governance requirements. Except as summarized on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance, our governance practices, however, comply with the NYSE corporate governance rules in all significant respects.

The CSA adopted, in June 2005, National Instrument 58-101 – Disclosure of Corporate Governance Practices (the “**Disclosure Instrument**”) and National Policy 58-201 – Corporate Governance Guidelines (the “**Governance Policy**”). The Governance Policy provides guidance on governance practices to Canadian issuers, while the Disclosure Instrument requires issuers to make the prescribed disclosure regarding their own governance practices. The Company believes that its corporate governance practices meet and exceed the requirements of the Disclosure Instrument and the Governance Policy. The text and footnotes set forth hereunder refer to the items of the Disclosure Instrument as well as to the guidelines of the Governance Policy, where applicable. The Company also refers, where appropriate, to the NYSE Corporate Governance Standards (the “**NYSE Standards**”).

The Board of Directors is of the opinion that the Company’s corporate governance practices are well designed to assist the Company in achieving its principal corporate objective, which is the enhancement of shareholder value. The mandate of the Board is set out in Schedule “A” to this Information Circular<sup>(1)</sup>. The Board of Directors has approved the disclosure of the Company’s governance practices described below, on the recommendation of the Corporate Governance and Nominating Committee.

## Code of Business Conduct<sup>(2)</sup>

In 2008, the Board of Directors reviewed and updated its Code of Business Conduct to ensure that it is consistent with current industry trends and standards; clearly communicates CN’s organizational mission, values, and principles; and most importantly, serves as a ready reference guide for any employees to support everyday decision making. The Code is applicable to directors, officers and employees of CN. It addresses many important matters, including conflict of interest, protection and proper use of corporate assets and opportunities, confidentiality of corporate information, fair dealing, compliance with laws and reporting of any illegal or unethical behaviour. No waiver has ever been granted to a director or executive officer in connection therewith. With a view to continually improving our practices and reflecting evolving legal requirements, the Code was reviewed and updated, and distributed to all CN employees in 2012. The updated version of the Code is available on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance and in print to any shareholder who requests copies by contacting our Corporate Secretary. The Code has also been filed with the Canadian and U.S. securities regulatory authorities.

The Board, through its Corporate Governance and Nominating Committee, reviews, monitors and oversees the disclosure relating to the Company’s Code of Business Conduct. Each year, management reports to such committee on the implementation of the Code within the organization and on any material contravention by employees of the Company to the provisions of the Code. No material change report has ever been filed or required to be filed pertaining to any conduct of a director or executive officer constituting a departure from the Code.

**THE ROLE, MANDATE AND RULES OF THE BOARD OF DIRECTORS AND OF ITS COMMITTEES ARE SET FORTH IN OUR CORPORATE GOVERNANCE MANUAL, WHICH IS AVAILABLE ON OUR WEBSITE.**

(1) Form 58-101F1 of the Disclosure Instrument (“Form 58-101F1”), section 2; Governance Policy, section 3.4.

(2) Form 58-101F1, section 5; Governance Policy, sections 3.8 and 3.9.

The Board requests every director to disclose any direct or indirect interest he or she has in any organization, business or association, which could place the director in a conflict of interest. Every year, a questionnaire is sent to each director to make sure that the director is in no such conflict that has not been disclosed. Should there be a discussion or decision relating to an organization, business or association in which a director has an interest, the Board would request such director not to participate or vote in any such discussion or decision.

The Company believes that ethical business conduct is an important part of its success. Hence, the mandate of the Board attached as Schedule "A" to this Information Circular states that the Board has the responsibility for overseeing management in the competent and ethical operation of the Company. As part of the Company's Code of Business Conduct, the employees are also required to avoid outside interests that may impair or appear to impair the effective performance of their responsibilities to the Company and be fair and impartial in all dealings with customers, suppliers and partners. A key person in the implementation of the Company's Code of Business Conduct is CN's Ombudsman, who presents reports to the Corporate Governance and Nominating Committee. The office of the Ombudsman offers a confidential, neutral and informal avenue which facilitates fair and equitable resolutions to concerns arising within the Company.

The Board of Directors also adopted procedures allowing interested parties (i) to submit accounting and auditing complaints or concerns to us and (ii) to communicate directly with the Chairman, who presides over all non-executive director sessions. These procedures are described on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance. The Code of Business Conduct provides that concerns of employees regarding any potential or real wrongdoing in terms of accounting or auditing matters may be submitted confidentially through CN's Hot Line.

**THE BOARD OF DIRECTORS HAS ADOPTED PROCEDURES ALLOWING INTERESTED PARTIES TO COMMUNICATE DIRECTLY WITH THE CHAIRMAN.**

## Independence of Directors<sup>(1)</sup>

To better align the interests of the Board of Directors with those of our shareholders, all of the nominees for election to the Board of Directors, except our President and Chief Executive Officer, are independent. In determining whether a director is an independent director, the Board of Directors applies the standards developed by the Canadian securities regulatory authorities and the NYSE and the additional standards adopted by the Board. These standards are set out in CN's Corporate Governance Manual which is available on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance.

As shown in the following table, 12 of the 13 nominees for election to the Board of Directors are independent:

## Independent Chairman of the Board<sup>(2)</sup>

The Company's Board is led by a non-executive Chairman since it became public in 1995 and we believe that the separation of the positions of President and Chief Executive Officer and Chairman contributes to allowing the Board to function independently of management. Hence, our Corporate Governance Manual provides that the Board Chair must be an independent director who is designated by the Board. Mr. David G.A. McLean, who has been a director of the Company since 1994, is the independent Board Chair. The Corporate Governance Manual describes the responsibilities of the Chairman. The key role of the Board Chair is to take all reasonable measures to ensure that the Board (i) has structures and procedures in place to enable it to function independently of management, (ii) carries out its responsibilities effectively and (iii) clearly understands and respects the boundaries between the responsibilities of the Board and those of management.

**12 OF THE 13 NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS ARE INDEPENDENT.**

## Position Descriptions<sup>(1)</sup>

Our Corporate Governance Manual includes position descriptions for the Board Chair and the Committee Chairs, as well as a position description for the President and Chief Executive Officer of the Company.

## Election of Directors

The Board of Directors has adopted a policy, which is part of our Corporate Governance Manual, to the effect that a nominee for election as a director of the Company who receives a greater number of votes “withheld” than votes “for”, with respect to the election of directors by shareholders, will be expected to offer to tender his or her resignation to the Chairman promptly following the meeting of shareholders at which the director is elected. The Corporate Governance and Nominating Committee will consider such offer and make a recommendation to the Board of Directors whether to accept it or not. The Board of Directors will make its decision and announce it in a press release within 90 days following the meeting of shareholders. The director who offered to tender his or her resignation should not be part of any committee or Board of Directors deliberations pertaining to the resignation offer. This policy only applies in circumstances involving an uncontested election of directors. An “uncontested election of directors” means that the number of director nominees is the same as the number of directors to be elected to the Board and that no proxy material is circulated in support of one or more nominees who are not part of the candidates supported by the Board of Directors.

**THE BOARD OF DIRECTORS HAS ADOPTED A MAJORITY VOTING POLICY.**

## Committees of the Board<sup>(2)</sup>

Given our size, the nature and geographical scope of our activities and the great number of laws and regulations to which we are subject, the Board of Directors has subdivided its supervision mandate into six areas and has established committees that have certain responsibilities for such areas. These committees are the Audit Committee, the Finance Committee, the Corporate Governance and Nominating Committee, the Human Resources and Compensation Committee, the Environment, Safety and Security Committee and the Strategic Planning Committee and their charters are available as part of CN’s Corporate Governance Manual. The Board of Directors also established the Investment Committee of CN’s Pension Trust Funds and the Donations and Sponsorships Committee, which are mixed committees

composed of members of the Board of Directors as well as officers of the Company. All committees report to the Board of Directors and, subject to certain limited exceptions, there are no standing delegations of the Board of Directors’ decision-making authority to committees.

The following is a brief summary of the mandate of each committee of the Board of Directors.

### Audit Committee

The Audit Committee has the responsibility of overseeing the Company’s financial reporting, monitoring risk management, internal controls and internal and external auditors. The mandate of the Audit Committee is further described in the section entitled “Statement of Corporate Governance Practices – Audit Committee Disclosure” at page 30 of this Information Circular and in the charter of such committee which is included in our Corporate Governance Manual.

### Finance Committee

The Finance Committee has the responsibility of overseeing the Company’s financial policies, reviewing financings and authorizing, approving and recommending certain financial activities. As part of these responsibilities, the Finance Committee provides oversight with respect to our capital structure, cash flows and key financial ratios, reviews the opportunities and parameters for debt or equity financing, reviews financing documents and, within the scope of its authority levels established by the Board, may authorize the borrowing of money, the issuing of debt securities or the engaging in other forms of financing, or makes recommendations to the Board thereon. The responsibilities, powers and operation of the Finance Committee are further described in the charter of such committee which is included in our Corporate Governance Manual.

### Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee has the responsibility of monitoring the composition of the Board of Directors and its committees and overseeing corporate governance matters. As part of its responsibilities, the Corporate Governance and Nominating Committee develops, reviews and monitors criteria for selecting directors, including required or desired competencies and skills to improve the Board of Directors and, in consultation with the Board Chair, identifies candidates qualified to become Board members.<sup>(3)</sup>

**SCHEDULE “B” TO THIS INFORMATION CIRCULAR PROVIDES REPORTS ON THE ACTIVITIES OF EACH BOARD COMMITTEE.**

(1) Form 58-101F1, sections 3(a) and (b); Governance Policy, section 3.5.

(2) Form 58-101F1, section 8.

(3) Governance Policy, section 3.13.

This Committee reviews the corporate governance guidelines applicable to the Company, recommends any change that should be made thereto and monitors the disclosure of its practices. The responsibilities, powers and operation of the Corporate Governance and Nominating Committee are further described in the charter of such committee which is included in our Corporate Governance Manual.<sup>(1)</sup>

The charter of the Corporate Governance and Nominating Committee provides that such committee must be composed solely of independent directors. As at February 29, 2012, all members of the Corporate Governance and Nominating Committee are independent.<sup>(2)</sup>

### **Human Resources and Compensation Committee**

The Human Resources and Compensation Committee has the responsibility of monitoring executive management's performance assessment and succession planning. This Committee also has the mandate to review human resources practices by ensuring, amongst other things, that appropriate human resources systems are in place so that the Company can attract, motivate and retain the quality of personnel required to meet its business objectives. The mandate of the Human Resources and Compensation Committee is further described in the section entitled "Statement of Executive Compensation – Human Resources and Compensation Committee" at page 35 of this Information Circular and in the charter of such committee which is included in our Corporate Governance Manual. The Human Resources and Compensation Committee must be composed solely of independent directors. As at February 29, 2012, all members of the Human Resources and Compensation Committee are independent.<sup>(3)</sup>

The Board has adopted a policy, which is included in our Corporate Governance Manual, that no more than one in three members of the Human Resources and Compensation Committee shall be a sitting CEO of another company, at least one member shall be experienced in executive compensation, and the President and CEO of the Company shall be excluded from the Committee member selection process.

Reference is also made to the subsection entitled "Statement of Executive Compensation – Human Resources and Compensation Committee – Executive Compensation Consultants" at page 37 of this Information Circular for disclosure in respect of executive compensation consultants.<sup>(4)</sup>

### **Environment, Safety and Security Committee**

The Environment, Safety and Security Committee has the responsibility, amongst other things, of overseeing the development and implementation of environmental, safety and security policies, assessing environmental, safety and security practices, and reviewing the Company's business plan to ascertain whether environmental, safety and security issues are adequately taken into consideration. The responsibilities, powers and operation of the Environment, Safety and Security Committee are further described in the charter of such committee which is included in our Corporate Governance Manual.

### **Strategic Planning Committee**

The Strategic Planning Committee focuses on financial and strategic issues, including the review of the key assumptions, as well as the economic, business, regulatory and competitive conditions underlying the Company's business plan. It also reviews, with the President and Chief Executive Officer and other appropriate executive officers, the Company's business plan and capital budget prior to their formal approval by the Board of Directors. The responsibilities, powers and operation of the Strategic Planning Committee are further described in the charter of such committee which is included in our Corporate Governance Manual.

### **Investment Committee of CN's Pension Trust Funds**

The Investment Committee of CN's Pension Trust Funds, which is a mixed committee composed of directors and officers, has the responsibility, amongst other things, of reviewing the activities of the CN Investment Division, reviewing and approving the CN Investment Incentive Plan and award payouts thereunder, advising the CN Investment Division on investment of assets of CN's Pension Trust Funds and approving certain of the investments made by CN's Pension Trust Funds. The responsibilities, powers and operation of the Investment Committee of CN's Pension Trust Funds are further described in the charter of such committee which is included in our Corporate Governance Manual.

### **Donations and Sponsorships Committee**

The Donations and Sponsorships Committee, which is a mixed committee composed of directors and officers, has the responsibility, amongst other things, of developing a donations and sponsorships strategy and for reviewing and approving donation and sponsorship requests. The responsibilities, powers and operation of the Donations and Sponsorships Committee are further described in the charter of such committee which is included in our Corporate Governance Manual.

(1) Form 58-101F1, section 6(c); Governance Policy, section 3.11.

(2) Form 58-101F1, section 6(b); Governance Policy, section 3.10. The NYSE Standards state that a board should appoint a nominating committee composed entirely of independent directors and that such committee should have a written charter. The Board has adopted a written mandate for the Corporate Governance and Nominating Committee pursuant to which such committee must be composed solely of independent directors.

(3) Form 58-101F1, sections 7(a), (b) and (c) and Governance Policy, sections 3.15, 3.16 and 3.17 (regarding officers). The NYSE Standards state that the CEO's compensation should be determined by the corporation's compensation committee or by all independent directors of the corporation. Our Corporate Governance Manual provides that the CEO's compensation is determined by the Company's independent directors only. The NYSE Standards state that a board should appoint a compensation committee composed entirely of independent directors and that such committee should have a written charter. The Board has adopted a written mandate for the Human Resources and Compensation Committee pursuant to which such committee must be composed solely of independent directors.

## Board and Committee Meetings

### Process

The Board Chair, in collaboration with the Corporate Secretary, has the responsibility of establishing a schedule for the meetings of the Board of Directors and its committees. During such process, the Corporate Secretary, in collaboration with the Board and Committee Chairs and the appropriate executive officers, establishes Board and committee working plans for the year. We believe that proceeding in this manner helps in the preparation of in-depth presentations conducive to meaningful information sessions and discussions while allowing management to plan ahead. If during the course of the year events or circumstances require Board or committee action or consideration, additional meetings are called. The total number of meetings and the attendance record for each director for all board and committee meetings held during the course of 2011 are set out in the section entitled "Nominees for Election to the Board – Board and Committee Attendance" of this Information Circular.<sup>(1)</sup>

**BOARD AND COMMITTEE WORKING PLANS ARE ESTABLISHED FOR THE YEAR.**

Communication regularly takes place between the Board Chair and the President and Chief Executive Officer and, through the Office of the Corporate Secretary, between executive officers having responsibilities for matters placed under the supervision of particular committees and the Chairs of such committees. This open communication ensures that all meaningful information concerning the affairs and progress of the Company are transmitted to those members of the Board of Directors or committees having special supervisory responsibilities.

### In Camera Meetings

The independent Board members meet before or after every in-person meeting of the Board of Directors in *in camera* sessions, without the presence of management and under the chairmanship of the Board Chair. During the financial year ended December 31, 2011, there were nine *in camera* sessions that were attended only by non-executive directors.<sup>(2)</sup>

**IN CAMERA SESSIONS ARE HELD BY INDEPENDENT BOARD MEMBERS AT EVERY IN-PERSON MEETING OF THE BOARD OF DIRECTORS.**

## Director Selection<sup>(3)</sup>

### Review of Credentials

In consultation with the Board Chair, the Corporate Governance and Nominating Committee annually reviews the credentials of nominees for election or re-election as members of the Board of Directors. It considers their qualifications, the validity of the credentials underlying each nomination, and, for nominees who are already directors of the Company, an evaluation of their effectiveness and performance as members of the Board of Directors, including their attendance at Board and committee meetings. Board and board committee members are expected to attend all meetings. As stated in our Corporate Governance Manual, any director who has attended less than 75% of meetings of the board or meetings of committees on which they sit, for more than two consecutive years, without a valid reason for the absences, will not be renominated.

**ANY DIRECTOR WHO HAS ATTENDED LESS THAN 75% OF BOARD OR COMMITTEE MEETINGS FOR MORE THAN TWO YEARS WITHOUT A VALID REASON WILL NOT BE RENOMINATED.**

The Corporate Governance and Nominating Committee is constantly on the lookout and monitoring for new candidates for nomination to the Board of Directors and is mindful of the mandatory retirement dates of current directors.

### Competency Matrix

The Corporate Governance and Nominating Committee, together with the Board Chair, is responsible for determining the needs of the Board in the long term and identifying new candidates to stand as nominees for election or appointment as directors. In 2010 and 2011, the Committee and the Board Chair focused on board renewal in light of both recent and upcoming director retirements, with a view to expanding and completing the Board's overall expertise in certain areas. In proposing the list of Board nominees, the Board of Directors is guided by the process described in our Corporate Governance Manual. As part of the process, the Board Chair, in consultation with the Corporate Governance and Nominating Committee, develops a competency matrix based on knowledge areas, types of expertise and geographical representation and identifies any gaps to be addressed in the director nomination process. The Board ensures that the skill set developed by directors, through their business expertise and experience, meets the needs of the Board. The Board also takes into consideration the representativity, both in terms of experience and geographical location, of each candidate to the Board, as well as his or her independence, qualifications, financial acumen, business judgment and board dynamics. This competency matrix is reviewed regularly by the Board Chair with Board members, and is updated as may be required.

(3) Form 58-101F1, section 6(a); Governance Policy, sections 3.12, 3.13 and 3.14.

The following table identifies some of the current skills and other factors considered as part of the competency matrix developed by the Board Chair and the Corporate Governance and Nominating Committee, along with identification of each nominee for election to the Board of Directors possessing each skill:

The Board has developed an evergreen list which is updated on a regular basis. Prior to nominating a new director for election or appointment, the Board Chair and the Chief Executive Officer meet with the candidate to discuss his or her interest and willingness to serve on CN's Board, potential conflicts of interest, and his or her ability to devote sufficient time and energy to the Board of Directors.

### Common Directorships

With a view to further strengthen directors' independence, the Board has adopted a policy pursuant to which a director shall not accept the invitation to join an outside board on which a director of CN already sits without previously obtaining the approval of the Corporate Governance and Nominating Committee. In addition, the Board has adopted a policy, which is included in our Corporate Governance Manual, to the effect that no more than two of the Company's directors should generally serve on the same outside board or outside board committee.

As of February 29, 2012, no members of our Board of Directors served together on the boards of other public companies.

**NO BOARD MEMBERS SIT TOGETHER ON THE BOARD OF ANOTHER PUBLIC COMPANY.**

### Number of Directorships

CN recognizes that Board membership requires a significant dedication of time. As a result, the number of boards on which an individual can serve is necessarily limited. With a view to taking reasonable steps to ensure the ability of each candidate to make the commitment of time necessary to be a director of CN, the Board will apply the following guidelines when considering candidates to become directors of CN:

- for candidates that are chief executive officers or other senior executives of public corporations, the Board will prefer individuals who hold no more than two (2) public corporation directorships (excluding CN's Board) in addition to membership on the board of the corporation at which an individual is employed;
- for candidates that have a full-time employment with non-public corporations or other entities and for full-time employees of public corporations (other than chief executive officers or senior executives of such public corporations), the Board will prefer individuals who hold no more than four (4) public corporation directorships (excluding CN's Board) in addition to membership on the board of the corporation at which an individual is employed; and
- for other candidates, the Board will prefer individuals who hold no more than five (5) public corporation directorships (excluding CN's Board).

Directors are expected to provide the Board Chair with information as to all boards of directors that they sit on or that they have been asked to join so as to allow the Board to determine whether it is appropriate for such director to continue to serve as a member of the Board or of a Board Committee. The Corporate Governance and Nominating Committee and the Board Chair will apply Board nominee selection criteria, including directors' past contributions to the Board and availability to devote sufficient time to fulfill their responsibilities, prior to recommending directors for re-election for another term.

The biographies on pages 7 to 13 of this Information Circular identify the other reporting issuers of which each nominee is a director.<sup>(1)</sup>

### Evergreen List

In order to assist the Corporate Governance and Nominating Committee and the Board Chair in recommending candidates to become directors of CN, the Corporate Governance and Nominating Committee has constituted, together with the Board Chair, a list of potential Board candidates, which it updates from time to time.

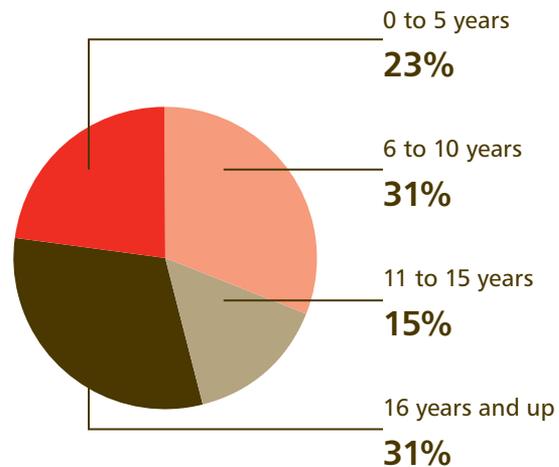

**AN EVERGREEN LIST OF POTENTIAL BOARD CANDIDATES IS MAINTAINED AND UPDATED FROM TIME TO TIME.**

### Retirement from the Board

The Board has also adopted a policy on the mandatory retirement age for directors whereby a director would not, unless otherwise determined by the Board, in its discretion, be nominated for re-election at the annual meeting of shareholders following his or her seventy-fifth birthday. In addition, directors are expected to inform the Board Chair of any major change in their principal occupation so that the Board will have the opportunity to decide the appropriateness of such director's continuance as a member of the Board or of a Board committee. The Board of Directors has not deemed it appropriate or necessary to limit the number of terms a director may serve on the Board.

### Board tenure

The following chart shows the tenure of the Company's Board as of February 29, 2012:

Please refer to the biographies on pages 7 to 13 for details regarding length of Board tenure of each nominee for election as directors.

### Director Emeritus

The Board of Directors confers, from time to time, the honorary status of Director Emeritus to retiring or former directors who have made significant contributions to the Board through long and distinguished service and accomplishments. Currently, lifetime emeritus status has been bestowed upon Purdy Crawford, Raymond Cyr, James K. Gray and Cedric Ritchie.

From time to time, Directors Emeritus may be invited, as guests, to attend meetings of the Board or any committee of the Board and, if present, may participate in the discussions occurring at such meetings. Directors Emeritus shall not be counted for the purpose of determining whether a quorum of the Board or a committee of the Board is present nor shall they vote or receive compensation for such participation. Directors Emeritus are also invited to attend the Annual Meeting of Shareholders and Company or Board functions and are reimbursed for reasonable travel and other out-of-pocket expenses in connection with attendance at such events.

# Board Performance Assessment<sup>(1)</sup>

## Process

The Board of Directors has implemented, and reviews, from time to time, a comprehensive process to annually assess its effectiveness, the effectiveness of its committees, the Board Chair, the Committee Chairs and individual directors. This process is under the supervision of the Corporate Governance and Nominating Committee and the Board Chair and is comprised of the following steps:

- The following questionnaires are prepared by the Office of the Corporate Secretary and approved by the Corporate Governance and Nominating Committee and the Board Chair, taking into account current issues, the findings of previous years and input from the Board of Directors:
  - Board and committee performance evaluation questionnaires, including a self-assessment by individual directors;
  - a Board Chair evaluation questionnaire; and
  - Committee Chair evaluation questionnaires.
- Each questionnaire is then sent to every director and a complete set of the responses is forwarded to the Board Chair, except for the responses to the evaluation questionnaires relating to the Board Chair and Corporate Governance and Nominating Committee Chair, which are forwarded directly to each of the Chairs of the Audit Committee and the Human Resources and Compensation Committee.
- Following receipt of the completed questionnaires, the Board Chair contacts every director and conducts open and confidential one-on-one meetings to discuss the answers received from and in respect of such director and any comments to the questionnaires which the director may have and to review the self-evaluation of each director. One of the Audit Committee or Human Resources and Compensation Committee Chairs also discusses individually with each director his or her responses and comments on the Board Chair and Corporate Governance and Nominating Committee chair evaluation questionnaires.
- Reports are then made by the Board Chair and the Audit Committee and Human Resources and Compensation Committee Chairs to the Board of Directors, with suggestions to improve the effectiveness of the Board of Directors, Board committees, Board and Committee Chairs and separately to individual directors in respect of their personal performance.

**THE BOARD HAS IMPLEMENTED A COMPREHENSIVE ASSESSMENT PROCESS.**

- The Board Chair and Committee Chairs take into consideration the overall results and suggestions derived from the annual Board performance assessment in order to improve the functioning and activities of the Board and Board committees.

## Independent Advisor

In addition to the above-mentioned process, the Board may, from time to time, hire an independent advisor to assess or assist the Board of Directors in independently assessing the performance of the Board of Directors, Board committees, Board and Committee Chairs and individual directors.

## Peer Assessment

The Board Chair leads on an annual basis a peer review process through one-on-one meetings with each individual director. The Corporate Governance and Nominating Committee also considers on an annual basis the appropriateness of conducting a peer assessment through an independent advisor. At the end of 2007, the Corporate Governance and Nominating Committee and the Board carried out an individual director peer assessment with the assistance of an independent advisor, as was done in 2004. In 2011, no such assessment was deemed necessary given the fact that one was carried out in 2007 and the changes to the composition of the Board were very recent. In 2007, the process involved peer assessment questionnaires which were completed by each director and forwarded directly and confidentially to the advisor. Responses were then consolidated in an individual director report and distributed by the advisor directly to each director, as well as to the Board Chair, and a report was made by the Board Chair to the Board of Directors.

The Board performance assessment process is further described in CN's Corporate Governance Manual which is available on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance.

## Board Compensation

The Corporate Governance and Nominating Committee annually reviews with the Board Chair and makes recommendations to the Board on the adequacy and form of compensation for non-executive directors, taking reasonable steps to ensure such compensation realistically reflects the responsibilities and risk involved, without compromising a director's independence. See the section entitled "Nominees for Election to the Board – Board of Directors Compensation" of this Information Circular for additional information on compensation received by directors in 2011.<sup>(2)</sup>

## Director Orientation and Continuing Education<sup>(1)</sup>

### Orientation

Our orientation program includes presentations by the Company's officers on the Company's organizational structure and the nature and operation of its business, a review with the Board Chair of the methods of operation and the roles of the Board and its committees, a discussion on the contribution individual directors are expected to make and access to appropriate information or outside resources as required. New directors are provided with a Directors' handbook containing corporate and other information required to familiarize themselves with the Company, its organization and operations.

### Continuing Education

The Board Chair arranges for Board members to have access to education and information on an ongoing basis pertaining to Board effectiveness and the best practices associated with successful boards, briefings on factors or emerging trends that may be relevant to the Company's business strategy and other material as deemed appropriate by the Board Chair. The Company also makes available, at its cost, a host of educational programs provided by leading institutions. We encourage directors to attend seminars and other educational programs and to report back to the Board on the quality of such programs. Educational reading materials on corporate governance and other topics are also included in the materials provided to the Board in advance of meetings.

In 2011, Board members were provided with educational reading materials and presentations on a variety of matters and topics, including corporate governance, executive compensation, executive succession planning, key accounting considerations, financial strategy, risk assessment and disclosure, and Canadian and U.S. securities law developments.

Directors also interacted with executive and senior management at every board meeting and received extensive presentations on matters of strategic importance to the Company's business, including presentations on its customer engagement initiatives, business growth strategy, operating plans, supply chain strategy, eBusiness, car management, customer damage prevention, its sustainability initiatives and regulatory matters relevant to the business of the Company.

Moreover, the directors have from time to time been provided with first-hand opportunities to visit certain sites in which CN is making significant investments, such as the intermodal terminals in Prince George and at the Port of Prince Rupert. They have also visited certain of CN's main yards, as well as our Information Technology command center and in 2011 they visited Kirk Yard and the EJ&E properties in the United States. During such events, the Board had the opportunity to interact with CN officers to gain a full appreciation of such strategic projects and to learn more about CN's overall operations. Directors also attend community dinners and other company events throughout the year.

## Audit Committee Disclosure

National Instrument 52-110 – Audit Committees (“NI 52-110”) of the CSA requires issuers to include the charter of their audit committee and disclose information with respect to the composition, education and experience of the members of their audit committees, as well as all fees paid to external auditors in their annual information form. We comply with the requirements regarding composition and responsibilities, as summarized hereinafter, and we refer you to Schedule “A” of our Annual Information Form available on SEDAR at [www.sedar.com](http://www.sedar.com) and on our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance with regards to the charter of our Audit Committee.<sup>(1)</sup>

### Composition of the Audit Committee

The Audit Committee is composed of six independent directors, namely, The Hon. Denis Losier, Chair of the Committee, Hugh J. Bolton, Donald J. Carty, V. Maureen Kempston Darkes, James E. O’Connor, and Robert Pace. The Chair of the Human Resources and Compensation Committee, Mr. Pace, is necessarily a member of the Audit Committee, as provided for in the Corporate Governance Manual. No member of the Audit Committee receives, other than in his or her capacity as a director or member of a Board committee, directly or indirectly, any fee from the Company or any subsidiary of the Company, nor is an affiliated person of the Company, or any subsidiary of the Company.<sup>(2)</sup> Mr. Carty has been appointed to the Company’s Audit Committee on March 8, 2011, and Mr. O’Connor was appointed on April 27, 2011.

### Mandate of the Audit Committee

The committee’s responsibilities can be divided into four categories:

- overseeing financial reporting;
- monitoring risk management and internal controls;
- monitoring internal auditors; and
- monitoring external auditors.

They include the following:

#### OVERSEEING FINANCIAL REPORTING

The mandate of the Audit Committee provides that the committee is responsible for reviewing, with management and the external auditors, the annual and quarterly financial statements of the Company and accompanying information, including the Company’s MD&A disclosure and earnings press releases, prior to their release, filing and distribution.

The mandate also provides that the committee should review the procedures in place for the review of the Company’s disclosure of financial information extracted or derived from the Company’s financial statements and periodically assess the adequacy of those procedures.<sup>(3)</sup>

The Audit Committee is also responsible for reviewing the financial information contained in the annual information form and other reports or documents, financial or otherwise, requiring Board approval.

Furthermore, the Audit Committee is in charge of reviewing the results of the external audit, any significant problems encountered in performing the audit, and management’s response and/or action plan related to any issue identified by the external auditors and any significant recommendations relating thereto.

#### MONITORING RISK MANAGEMENT AND INTERNAL CONTROLS

The Audit Committee is responsible for receiving periodically management’s report assessing the adequacy and effectiveness of CN’s disclosure controls and procedures and systems of internal control. The mandate of the Audit Committee also provides that the committee must review CN’s risk assessment and risk management policies.

The Audit Committee is also responsible for assisting the Board with the oversight of CN’s compliance with applicable legal and regulatory requirements.

Additionally, the mandate of the Audit Committee provides that the committee must establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters or employee concerns regarding accounting or auditing matters, while insuring confidentiality and anonymity. CN has adopted such procedures. Please refer to the Corporate Governance section of our website at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance for more details on these procedures.<sup>(4)</sup>

#### MONITORING INTERNAL AUDITORS

The Audit Committee is responsible for ensuring that the Chief Internal Auditor reports directly to the Audit Committee, and for regularly monitoring the internal audit function’s performance, its responsibilities, staffing, budget and the compensation of its members. It further annually reviews the internal audit plan and ensures that the internal auditors are accountable to the Audit Committee.

(1) NI 52-110, section 2.3, subsection 1.

(2) NI 52-110, section 3.1, subsections 1, 2 and 3. The NYSE Standards and the applicable rules of the SEC require that in order to be considered independent, a member of the Audit Committee should not, other than in his or her capacity as a director or member of a board committee and in other limited circumstances, accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any subsidiary of the Company nor be an affiliated person of the Company or any subsidiary of the Company. All members of the Audit Committee are independent pursuant to such definition.

(3) NI 52-110, section 2.3, subsections 5 and 6.

(4) NI 52-110, section 2.3, subsection 7.

## MONITORING EXTERNAL AUDITORS

The mandate of the Audit Committee states that the committee is responsible for recommending the retention and, if appropriate, the removal of external auditors, evaluating and remunerating them, and monitoring their qualifications, performance and independence.<sup>(1)</sup>

The Audit Committee is also in charge of approving and overseeing the disclosure of all audit, review and attest services provided by the external auditors, determining which non-audit services the external auditors are prohibited from providing, and pre-approving and overseeing the disclosure of permitted non-audit services by the external auditors.<sup>(2)</sup>

The Audit Committee is responsible for overseeing the external auditors and discussing with them the quality and not just the acceptability of the Company's accounting principles, including any material written communications between the Company and the external auditors (including a disagreement, if any, with management and the resolution thereof).<sup>(3)</sup>

The Audit Committee also reviews at least annually, the formal written statement from the external auditors stating all relationships the external auditors have with CN and confirming their independence.

The mandate of the Audit Committee also provides that the committee is responsible for reviewing hiring policies for employees or former employees of the Company's firm of external auditors.<sup>(4)</sup>

Furthermore, the mandate of the Audit Committee states that the Audit Committee may retain independent advisors to help it carry out its responsibilities, including fixing such advisors' fees and retention terms, subject to advising the Board Chair. The committee makes arrangements for the appropriate funding for payment of the external auditors and any advisors retained by it. Pursuant to its charter, the Audit Committee also has direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate. The internal and external auditors must meet separately with the Audit Committee, without management, twice a year, and more frequently as required.<sup>(5)</sup>

The Audit Committee met five times in 2011 and held *in camera* sessions at each meeting. The report of the Audit Committee, set forth in Schedule "B" to this Information Circular, outlines the major subject areas reviewed by the committee during the year, in compliance with its mandate.

## Audit Committee Report Regarding Internal Control Over Financial Reporting

The Audit Committee received periodically management's report assessing the adequacy and effectiveness of our disclosure controls and procedures and systems of internal control in respect of the 2011 fiscal year. The Company's external auditors, KPMG LLP, are responsible for performing an independent audit of our consolidated financial statements in accordance with Canadian generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board ("PCAOB") in the U.S., and an independent audit of the effectiveness of internal control over financial reporting, in accordance with the standards of the PCAOB. These audits serve as a basis for KPMG LLP's opinions addressing whether the consolidated financial statements fairly present our financial position, results of operations, and cash flows in conformity with U.S. generally accepted accounting principles.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by the American Institute of Certified Public Accountants Statement on Auditing Standards No. 61 (Communication With Audit Committees) and Canadian Institute of Chartered Accountants Handbook Section 5751 (Communications With Those Having Oversight Responsibility for the Financial Reporting Process) including matters relating to the conduct of the audit of our financial statements and the assessment of the effectiveness of our internal control over financial reporting under section 404 of the *Sarbanes-Oxley Act*.

KPMG LLP provided the Committee with written disclosures and the letter required by Rule 3526 of the PCAOB, which supersedes Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the two related interpretations. The Audit Committee has discussed with KPMG LLP the firm's independence from the Company. A formal written statement describing all relationships between KPMG LLP and the Company including a written confirmation that KPMG LLP are independent within the meaning of the rules of the Code of Ethics of the "Ordre des comptables agréés du Québec" and are independent public accountants with respect to the Company within the meaning of U.S. federal securities laws and the rules and regulations thereunder, including the independence rules adopted by the SEC pursuant to the *Sarbanes-Oxley Act*, and Rule 3526 of the PCAOB was also remitted to the Audit Committee.

Based on this review and these discussions, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be filed with Canadian securities regulators and included in the Company's Annual Report on Form 40-F for the year ended December 31, 2011 filed with the SEC.

(1) NI 52-110, section 2.3, subsection 2.

(2) NI 52-110, section 2.3, subsection 4.

(3) NI 52-110, section 2.3, subsection 3.

(4) NI 52-110, section 2.3, subsection 8.

(5) NI 52-110, section 4.1.

## Education and Relevant Experience of the Audit Committee Members

The Board of Directors believes that the composition of the Audit Committee reflects a high level of financial literacy and experience. As required in the charter of the Audit Committee, all members of the Audit Committee are financially literate, as such terms are defined under Canadian securities laws and regulations<sup>(1)</sup> and the NYSE Standards, and several members of the committee meet all criteria to be designated as “audit committee financial expert” under the rules of the SEC. The Board has made such determination based on the education and experience of each committee member.

In determining if a director is an “audit committee financial expert”, the Board considers if the director is a person who has: (a) an understanding of generally accepted accounting principles and financial statements; (b) the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves; (c) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company’s financial statements, or experience actively supervising one or more persons engaged in such activities; (d) an understanding of internal controls and procedures for financial reporting; and (e) an understanding of audit committee functions.

The following is a description of the education and experience of each member of the Audit Committee as of the date of this Information Circular that is relevant to the performance of his/her responsibilities as a member of the committee:

Mr. Bolton is the chairman of the board of directors of EPCOR Utilities Inc. and former chair of Matrikon Inc. Mr. Bolton is a director and member of the audit committees of TD Bank Financial Group, Teck Resources Limited and WestJet Airlines Ltd. and a director of Capital Power Corporation. From 1992 to 1997, Mr. Bolton was chair and Chief Executive Partner of Coopers & Lybrand Canada (now PricewaterhouseCoopers). Mr. Bolton was a partner of Coopers & Lybrand for 34 years and a public accountant and auditor with that firm for 40 years. He is a Chartered Accountant and a fellow of the Alberta Institute of Chartered Accountants. Mr. Bolton holds an undergraduate degree in economics from the University of Alberta. Mr. Bolton is a member of four audit committees of public companies including CN. The Board has determined that such service in no way impairs Mr. Bolton’s ability to effectively serve on the Audit Committee of the Company.

Mr. Carty is the retired vice-chairman and Chief Financial Officer of Dell, Inc., a position he assumed in January 2007. Before joining Dell, Mr. Carty retired in 2003 as chairman and CEO of AMR Corporation and American Airlines. He had previously served as President, Executive Vice-President – Finance and Planning and Senior Vice-President and Controller of AMR Airline Group and American Airlines. He was President and CEO of CP Air from 1985 – 1987. Mr. Carty is chairman of Virgin America Airlines Inc. and Porter Airlines Inc. and is serving as lead director and member of the audit committee of Barrick Gold Corporation, director and member of the audit committee of Talisman Energy Inc., as well as a director of Dell, Inc. and Gluskin, Sheff & Associates Inc. Mr. Carty holds a Master of Business Administration from the Harvard Business School.

**ALL MEMBERS OF THE AUDIT COMMITTEE ARE FINANCIALLY LITERATE AND SEVERAL MEMBERS ARE AUDIT COMMITTEE FINANCIAL EXPERTS.**

Mrs. Kempston Darkes is the retired Group Vice-President and President Latin America, Africa and Middle East, General Motors Corporation. In 2009 she ended a 35-year career at GM during which she attained the highest operating post ever held by a woman at GM. From 1994 to 2001, she was President and General Manager of General Motors of Canada Limited and Vice-President of General Motors Corporation. Mrs. Kempston Darkes is also a director and member of the audit committee of Irving Oil Co. Ltd, and a director and chair of the risk management committee of Brookfield Asset Management Inc. and a director of Enbridge Inc. Mrs. Kempston Darkes holds a Bachelor of Arts in history and political science from Victoria University at the University of Toronto and a Bachelor of Law degree from the University of Toronto Faculty of Law.

Mr. Losier, Chairman of the Audit Committee, is President and Chief Executive Officer of Assumption Life. Mr. Losier held various cabinet level positions with the government of the Province of New Brunswick, from 1989 to 1994, including Minister of Fisheries and Aquaculture and Minister of Economic Development and Tourism. He is the chair of Invest N.B. and a director and member of the audit committee of Plazacorp Retail Properties Ltd., and he is also a director of Enbridge Gas New Brunswick and NAV CANADA. Mr. Losier holds a Masters of Economics from the University of Western Ontario.

(1) NI 52-110, section 3.1, subsection 4.

Mr. O'Connor is the retired chairman of the board of directors of Republic Services, Inc., a leading provider of non-hazardous solid waste collection, recycling and disposal services in the United States. From 1998 to 2011, Mr. O'Connor was chair and Chief Executive Officer of Republic Services, Inc. Prior to 1998, he had held various management positions at Waste Management, Inc. He was named to the list of America's Best CEOs each year between 2005 and 2010. In 2011, Mr. O'Connor was named to the Institutional Investors' All American Executive Team. He is a director of Clean Energy Fuels Corp. Mr. O'Connor holds a Bachelor of Science in Commerce (concentration in accounting) from DePaul University.

Mr. Pace is the President and Chief Executive Officer of The Pace Group. Mr. Pace is also a member of the board of directors of Maritime Broadcasting Systems Inc., High Liner Foods Incorporated and Hydro One Inc. Mr. Pace holds an MBA and an LL.B Law Degree from Dalhousie University in Halifax, Nova Scotia, and has more than 25 years of business experience.

#### Auditors Fees

KPMG LLP has served as the Company's auditors since 1992. For the years ended December 31, 2011 and 2010, the fees for audit, audit-related, tax and all other services provided to the Company by KPMG LLP were the following:

FEES IN THOUSANDS	2011 (C\$)	2010 (C\$)
Audit	2,447	2,479
Audit-Related	1,236	1,010
Tax	810	893
All Other	-	-
<b>TOTAL FEES</b>	<b>4,493</b>	<b>4,382</b>

Pursuant to the terms of its charter, the Audit Committee approves all audit and audit-related services, audit engagement fees and terms and all non-audit engagements provided by the independent auditor. The Audit Committee pre-approved all the services performed by our independent auditors for audit-related and non-audit related services for the years ended December 31, 2011 and 2010 that were required to be pre-approved.

The nature of the services under each category is described below.

#### AUDIT FEES

Consist of fees incurred for professional services rendered by the auditors in relation to the audit of the Company's consolidated annual financial statements and those of its subsidiaries, and the audit relating to the Company's internal control over financial reporting.

#### AUDIT-RELATED FEES

Audit-related fees were incurred for professional services rendered by the auditors in relation to the audit of the financial statements for the Company's pension plans, and for attestation services in connection with reports required by statute or regulation and due diligence and other services, including comfort letters, in connection with the issuance of securities.

#### TAX FEES

Consist of fees incurred for consultations on cross-border tax implications for employees and tax compliance.

#### OTHER FEES

Nil

#### Non-Audit Services

The mandate of the Audit Committee provides that the Audit Committee determines which non-audit services the external auditors are prohibited from providing. CN's Audit Committee and the Board of Directors have adopted resolutions prohibiting the Company from engaging KPMG LLP to provide certain non-audit services to the Company and its subsidiaries, including bookkeeping or other services related to the accounting records or financial statements, financial information systems design and implementation, appraisal or valuation services, fairness opinions, or contribution in-kind reports, actuarial services, internal audit outsourcing services, management functions or human resources functions, broker or dealer, investment adviser, or investment banking services and legal services and expert services unrelated to the audit. Pursuant to such resolutions, the Company may engage KPMG LLP to provide non-audit services, including tax services, other than the prohibited services listed above, but only if the services have specifically been pre-approved by the Audit Committee.<sup>(1)</sup>

**THE EXTERNAL  
AUDITORS ARE  
PROHIBITED  
FROM  
PROVIDING  
CERTAIN  
NON-AUDIT  
SERVICES.**

# STATEMENT OF EXECUTIVE COMPENSATION

Dear Shareholder,

For the second year, you are invited to cast your advisory “Say on Pay” vote. To assist you in your decision, the members of the Human Resources and Compensation Committee (“Committee”) are pleased to present you with the Company’s 2011 Statement of Executive Compensation. An executive summary of the compensation process and key decisions made in 2011 can be found in the Compensation Discussion and Analysis on page 38.

## Competitive compensation that rewards performance

2011 was the second year under the revised executive compensation policy, which aims to position total direct compensation between the median and 60th percentile of the executives’ respective comparator groups. In December 2011, Towers Watson, Management’s external executive compensation consultant, reported that the objectives of the compensation policy continued to be met, with an overall aggregate positioning of all executives’ total direct compensation below the 60th percentile.

The Company’s compensation philosophy is to align executive compensation packages with shareholder value creation. As such, CN’s corporate goals play a pivotal role in driving the organization’s short- and long-term profitability and return to shareholders and are generally based on five key financial performance metrics: i) revenues; ii) operating income; iii) diluted earnings per share; iv) free cash flow; and v) return on invested capital. Payouts under the Annual Incentive Bonus Plan and Restricted Share Units Plan are therefore contingent on the achievement of aggressive targets linked to the Company’s corporate performance objectives.

In 2011, CN delivered record carloadings, revenues and earnings, producing financial results that were among the best in the Company’s history. The Company’s very strong performance therefore resulted in incentive payouts to executives and management that exceeded targets, demonstrating the strong alignment of compensation with business results.

## Effective risk mitigation features

One of the Committee’s key responsibilities involves overseeing risks related to the Company’s compensation program and policies. The Committee is of the view that our compensation program and policies encourage the right behaviours and focus on the creation of long-term value for shareholders. For example, the compensation program appropriately balances fixed and variable pay (in aggregate, approximately 80% of NEOs’ target total direct compensation was directly linked to the Company’s performance). In addition, the long-term incentive awards, which constitute more than 60% of NEOs’ target total direct compensation, are intended to motivate executives to create

longer-term value and to generally align compensation with the risk time horizon. Another good example is that the use of five performance metrics under the corporate component of the Annual Incentive Bonus Plan diversifies the risk associated with the use of any single performance metric.

Please refer to page 48 for a more detailed description of the risk mitigating features that form part of the Company’s compensation program and policies.

CN is largely recognized as the leader in the railroad industry. The highly competitive nature of the Company’s business environment and CN’s position within the industry make it important to focus on protecting the Company and its confidential information. The Company’s long-term incentive award agreements, as well as its non-registered pension plans, therefore contain non-compete, non-solicitation and non-disclosure of confidential information conditions (the “Conditions”). Payout under the long-term incentive plans or the non-registered pension plans is subject to current or former employees complying with these Conditions.

## Continuous improvement

The Committee is dedicated to ensuring that the executive compensation program effectively aligns with the business strategy and shareholders’ interests by encouraging the right behaviours, is market competitive, and attracts, motivates and retains a committed leadership team. We hope that the following information will assist you in making your decision and encourage you to cast your vote. The Chair of the Committee, Mr. Pace, will be available to answer compensation-related questions at the annual meeting of shareholders in Halifax on April 24, 2012.

We look forward to meeting you.

# Human Resources and Compensation Committee

## Composition of the Human Resources and Compensation Committee

The Human Resources and Compensation Committee (“Committee”) is comprised of nine independent directors. Committee members at year-end in 2011 were Robert Pace, Chair of the Committee, Michael R. Armellino, A. Charles Baillie, Hugh J. Bolton, Edith E. Holiday, V. Maureen Kempston Darkes, Denis Losier, Edward C. Lumley and David G.A. McLean. Denis Losier (Audit Chair), Hugh J. Bolton, V. Maureen Kempston Darkes and Robert Pace are also members of the Audit Committee. This overlap effectively provides a link between the two committees’ risk oversight responsibilities.

The following is a description of the education, skills and experience of each member of the Committee as of the date of this Information Circular that is relevant to the performance of his/her responsibilities as a member of the Committee, including skills and experience enabling the Committee to make decisions on the suitability of the Company’s compensation policies and practices:

- Mr. Armellino is a Retired Partner from The Goldman Sachs Group, LP. From 1991 to 1994, Mr. Armellino was chair and Chief Executive Officer of Goldman Sachs Asset Management. As such, he managed approximately 400 people and was responsible for the implementation of incentive programs. Prior to 1991, he held various positions at Goldman, Sachs & Co., including Partner in Charge of Research. Mr. Armellino has strong leadership and succession planning experience.
- Mr. Baillie is the retired chair and Chief Executive Officer of The Toronto-Dominion Bank. As Chief Executive Officer, the head of the human resources department reported directly to his office. Mr. Baillie is chair of the human resources and compensation committee of TELUS Corporation and chair of the board of directors of Alberta Investment Management Corporation (AIMCo). He served on the human resources committees of various other public companies.
- Mr. Bolton is the chairman of the board of directors of EPCOR Utilities Inc. and sits *ex officio* on its human resources and compensation committee. Mr. Bolton has extensive experience serving as a board member for different companies such as Matrikon Inc., Teck Resources Limited, WestJet Airlines Ltd., Capital Power Corporation and TD Bank Financial Group. From 1992 to 1997, Mr. Bolton was chairman and Chief Executive Partner of Coopers & Lybrand Canada (now PricewaterhouseCoopers). During that period, Mr. Bolton was responsible for the compensation and supervision of all Coopers & Lybrand senior partners.
- Mrs. Holiday has extensive experience serving as a board member for different companies such as H.J. Heinz Company, Hess Corporation, RTI International Metals, Inc. and White Mountains Insurance Group, Ltd. As General Counsel at the United States Treasury Department and as Secretary of the Cabinet at The White House, Mrs. Holiday was in charge of the supervision of approximately 2,250 lawyers.
- Mrs. Kempston Darkes was Group Vice-President of General Motors Corporation. She was responsible for supervising human resources and compensation activities. As President Latin America, Africa and Middle East of General Motors Corporation and as President of General Motors of Canada Limited, Mrs. Kempston Darkes supervised the senior head of human resources, who reported directly to her office. Mrs. Kempston Darkes has served on various compensation and human resources committees, including at Brookfield Asset Management Inc., Irving Oil Co. Ltd. and Enbridge Inc.
- Mr. Losier is President and Chief Executive Officer, Assumption Life. As Chief Executive Officer, the Vice-President of Human Resources reports directly to Mr. Losier. Mr. Losier has worked with consultants to assess Assumption Life’s human resources practices and benefits and to measure the competitiveness of its executive compensation policies and practices. Mr. Losier also gained human resources experience by actively participating and developing a leadership and development plan in preparation of his succession as Chief Executive Officer of Assumption Life. Mr. Losier has also been involved in succession planning for other publicly traded companies.
- Mr. Lumley was a Member of Parliament from 1974 to 1984, during which time he held various cabinet portfolios in the Government of Canada. As Minister of the Crown for six cabinet portfolios, he was responsible for many Crown corporations employing thousands of employees. Mr. Lumley has served on the human resources committee of about 10 public companies and chaired at least five of them over the years.
- Mr. McLean is chair and former Chief Executive Officer of The McLean Group. As Chief Executive Officer, the human resources executive reported directly to him. Mr. McLean has acquired extensive experience dealing with human resources issues from his office as chair of The McLean Group and as member of the human resources and compensation committee for 17 years. For many years, Mr. McLean was also chair and director of Concord Pacific Group Inc., a real estate company, where he acquired experience with respect to human resources and executive compensation policies and practices.

- Mr. Pace is the President and Chief Executive Officer of The Pace Group and human resources officers within the Group report directly to him. Mr. Pace has more than 25 years of business experience. Mr. Pace is also a member of the human resources committee of High Liner Foods Incorporated and Hydro One Inc. In November 2011, Mr. Pace attended a Harvard Business School course on compensation entitled *Compensation Committees: New Challenges, New Solutions*, in order to update his existing knowledge related to executive compensation trends and changes to disclosure rules.

The following table summarizes the Committee members' human resources and compensation-related experience:

AREA OF EXPERIENCE	NUMBER OF COMMITTEE MEMBERS WITH VERY STRONG OR STRONG EXPERIENCE	
Membership on HR committees	8/9	(89%)
Organizational exposure to the HR function	9/9	(100%)
Leadership and succession planning, talent development	9/9	(100%)
Approval of employment contracts	7/9	(78%)

Exposure to market analysis related to compensation policies and practices	8/9	(89%)
Drafting or review of contracts and other legal materials related to compensation policies and practices	6/9	(67%)
Oversight of labour matters	7/9	(78%)

### Mandate of the Human Resources and Compensation Committee

The Committee's responsibilities include:

- ensuring that appropriate mechanisms are in place regarding succession planning for the executive management positions, including that of the President and Chief Executive Officer;
- reviewing executive management's performance assessment;
- reviewing leadership and talent management for the Company's key positions;
- overseeing the identification and management of risks associated with CN's compensation policies and practices and reviewing disclosure on: (i) the role of the Committee in that respect; (ii) any practices that CN uses to identify and mitigate such risks and (iii) any identified risk arising from CN's compensation policies and practices that is reasonably likely to have a material adverse effect on CN;
- overseeing the selection of any benchmark group used in determining compensation or any element of compensation and reviewing disclosure on such group;
- recommending to the Board of Directors executive management's compensation; and
- reviewing human resources practices by ensuring, among other things, that appropriate human resources systems are in place to allow the Company to attract, motivate and retain the quality of personnel required to meet its business objectives.

The Committee's full charter is available as part of CN's Corporate Governance Manual at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance.

The Committee met five times in 2011 and held *in camera* sessions during each meeting. The report of the Human Resources and Compensation Committee, set forth in Schedule "B" to this Information Circular, outlines the major subject areas reviewed by the Committee during the year.

### Leadership Development and Talent Management

Throughout 2011, the Committee oversaw a range of talent management initiatives aimed at attracting high-quality individuals and further engaging the existing members of the workforce in line with the Company's growth. For example, the Company implemented a new talent acquisition system and employed more targeted sourcing strategies to better reach out to a new generation of railroaders. As a result, the Company improved the efficiency of its hiring process and enhanced the quality of its candidate pool, which facilitated the hiring of approximately 3,000 individuals.

The Company developed a new Onboarding program with tools, materials, websites and administrative processes to help managers successfully welcome and engage new hires. The Company also invested in training initiatives such as its "Leadership Program", which aims to deliver consistency in leadership development to enhance the skills of the management team.

In addition, the Committee oversaw the ongoing progress made in the area of succession planning. Their review was based on a disciplined bottom-up assessment of over 3,000 managers and focused on development plans for high potential employees and internal successors for critical management and executive positions.

The Committee is satisfied that, under Mr. Mongeau's continued leadership, appropriate human resources processes and practices are in place to attract, retain, develop and engage a talented workforce that will help sustain the Company's success.

### Executive Compensation Consultants

Management retains consulting firms to assist in determining compensation for its Officers. In 2011, Management retained the services of Towers Watson to provide market information, surveys and trends, as well as external opinions on various executive compensation matters. In 2011, Management was invoiced approximately C\$135,000 by Towers Watson for these services. The Committee also independently retains, from time to time, the services of executive compensation consultants to provide advice on compensation recommendations that are presented for Committee approval. Since October 2007, the Committee has retained the services of Hugessen Consulting Inc. ("**Hugessen**") for that purpose. The Committee mandated Hugessen to review and provide advice directly to the Committee on executive compensation recommendations and related questions. In aggregate, the fees invoiced by Hugessen in 2011 totalled approximately C\$95,000. The Committee evaluated Hugessen's performance for 2011. The Committee is satisfied with the advice received from Hugessen and that such advice is objective and independent. In 2007, the Board of Directors adopted a policy to the effect that the Chair of the Committee shall pre-approve all non-compensation services provided to the Company by the consultant retained by the Committee to perform compensation-related services. Pursuant to an understanding between the Committee and Hugessen, the latter has agreed not to perform any work for Management. During 2011, the only services performed by Hugessen were compensation-related services provided directly to the Committee.

#### COMPENSATION ADVISORY FEE TO HUGESSEN

TYPE OF FEE	SERVICES RENDERED IN 2010 (C\$)	SERVICES RENDERED IN 2011 (C\$)	PERCENTAGE OF TOTAL FEES FOR SERVICES RENDERED IN 2011 (%)
Executive Compensation-Related Fees	51,000	95,000	100
All Other Fees	0	0	0

# Compensation Discussion and Analysis

## Executive Summary

### NAMED EXECUTIVE OFFICERS

2011 was marked by consistency in the Company's leadership. The team of Named Executive Officers ("NEOs") continued to grow in their respective roles: Claude Mongeau as President and Chief Executive Officer ("CEO") of the Company, Luc Jobin as Executive Vice-President and Chief Financial Officer, Keith E. Creel as Executive Vice-President and Chief Operating Officer, Jean-Jacques Ruest as Executive Vice-President and Chief Marketing Officer and Sean Finn as Executive Vice-President Corporate Services and Chief Legal Officer.

### COMPENSATION FRAMEWORK AND POLICY

The Company maintains a comprehensive executive compensation program for NEOs which includes: i) base salary; ii) annual incentive bonus; iii) long-term incentives; iv) pension benefits; and v) executive perquisites. The first three elements define total direct compensation.

Decisions on how much to pay the NEOs and all other executives in terms of total direct compensation are based on the Company's executive compensation policy. Prior to 2010, the policy aimed to position total direct compensation at the 75th percentile of the executives' respective comparator groups. Concurrent with the appointment of Claude Mongeau as President and CEO in January 2010, the policy was revised to target a market positioning of total direct compensation between the median and 60th percentile of the executives' respective comparator groups. This reduction from market positioning at the 75th percentile was determined to be competitive after a thorough review of the structure, levels and practices of remuneration in the railroad industry. For the NEOs, the comparator group consists of Class I Railroads, and for all other executives, the comparator group is a broad sample of U.S. organizations that participate in Towers Watson's proprietary database, the "U.S. Industrial". Data for the latter comparator group are size-adjusted to reflect the scope of each CN executive role based on their respective revenue responsibility. Where size-adjusted results are insufficient, data are provided from organizations in the U.S. Industrial sample with revenues between US\$6 billion and US\$10 billion. More information on the comparator groups can be found on page 40.

In December 2011, as part of the annual compensation review process, Management requested that its external executive compensation advisor provide an assessment of how total direct compensation offered to all executives during the year compared against that of the respective comparator groups. Towers Watson reported that the objectives of the compensation policy were met, with an overall aggregate

positioning of all executives' total direct compensation below the 60th percentile.

### DECISION PROCESS

The compensation of the NEOs, other than that of the CEO, is recommended by the CEO and reviewed and approved by the Committee. The compensation of the CEO is recommended by the Committee and approved by the independent members of the Board of Directors. The CEO serves at the will of the Board. Neither the CEO nor the other NEOs have an employment contract.

For a discussion on the compensation of the CEO, please see section entitled "President and Chief Executive Officer Compensation" on page 50.

### 2011 BASE SALARY INCREASES

As part of the NEOs' annual compensation review, base salaries were set with reference to the median of the Class I Railroads comparator group. Salary increases reflect market competitiveness, economic outlook, leadership abilities, retention considerations and succession plans. The salary increases provided to all NEOs were in line with expected market increases and reflect the NEOs' growth in their continuing roles and adequate positioning against market.

For more information on base salaries, please refer to page 43.

### 2011 ANNUAL BONUS RESULTS

In 2011, Mr. Mongeau's target bonus was 120% of base salary, and the other NEOs' target bonus was set at 70% of base salary. Corporate performance accounted for 70% of the annual incentive bonus and was measured against aggressive targets for revenues, operating income, diluted earnings per share, free cash flow and return on invested capital. The Board is of the view that its chosen corporate performance objectives are appropriate for a capital intensive business like CN's. The remaining 30% of the annual incentive bonus was based on individual performance that considered the strategic and operational priorities related to each NEO's function.

Overall corporate performance for 2011 was very strong, with financial results exceeding targets for all five corporate performance objectives. Consequently, the Board of Directors assessed the performance of the Company at "far exceeds", resulting in a corporate bonus factor of 150% (or 200% for NEOs and approximately 190 other executives and senior management employees), as set out in the plan rules. The tables showing the 2011 corporate performance objectives, as approved by the Board of Directors in January 2011, and the 2011 results as reported by the Company, can be found on page 44.

In December 2011, the Committee reviewed the individual performance of the NEOs. Their performance rating, along with the corporate bonus factor, served as the basis to calculate the annual incentive bonus payouts set out in the Summary Compensation Table under the column Non-equity incentive plan compensation – Annual incentive plans on page 54.

#### 2011 LONG-TERM INCENTIVES

To align with short- and long-term business performance and shareholder value creation, long-term incentives consist of a combination of conventional stock options and performance-based restricted share units.

In determining the appropriate long-term incentive fair value granted to NEOs, the Committee considered external market data, as well as other factors such as individual performance, leadership and talent retention. Long-term incentive fair values for NEOs were determined with reference to the 60th percentile of the Class I Railroads comparator group.

The payout of the restricted share units granted in 2011 to NEOs is subject to a three-year average return on invested capital target for the period ending on December 31, 2013. The Company sets return on invested capital targets that are aggressive compared to recent railroad industry performance. Additionally, for any payout to be made, a minimum share price condition must be met. The table summarizing the performance objectives and payout condition of the 2011 restricted share unit award can be found on page 46.

The stock options granted in 2011 were conventional and vest over four years at a rate of 25% at each anniversary date. Stock options have a 10-year term.

In 2011, a “one-year minimum active service” condition was included in the stock option and restricted share unit award agreements, in order to encourage retention of key talent approaching retirement. In other words, should an executive, including NEOs, or other management employee retire in the year of the award agreement, restricted share units and stock options awarded pursuant to that agreement will be forfeited.

#### 2009 RESTRICTED SHARE UNIT AWARD PAYOUT

The Committee reviewed the vesting of the 2009 restricted share units against the performance targets. The Company achieved a three-year average return on invested capital to December 31, 2011 of 13.91%, exceeding the 13% target set in 2009. This outcome resulted in a performance vesting factor of 122.6% of the restricted share units awarded in 2009, in accordance with the plan rules. As the minimum average

closing share price condition was also met, payout under the plan occurred in February 2012, provided other conditions of the award agreements were complied with.

The table illustrating the 2009 restricted share unit performance objectives and results can be found on page 46.

#### RISK MITIGATION IN OUR COMPENSATION PROGRAM

The Company has a formalized compensation philosophy to guide compensation program design and decisions. Many of the characteristics inherent in the Company’s executive compensation program encourage the right behaviours, thus mitigating risks and aligning long-term results with shareholder interests. The following are examples of such characteristics:

- Appropriate balance between fixed and variable pay, as well as short- and long-term incentives;
- Multiple performance metrics are to be met or exceeded in the Annual Incentive Bonus Plan;
- Incentive payout opportunities are capped and do not have a guaranteed minimum payout;
- Executive compensation clawback policy is in place;
- Stock ownership guidelines apply to executives and senior management employees (approximately 195 individuals).

A complete list and description of these risk-mitigating features is available on pages 48 and 49.

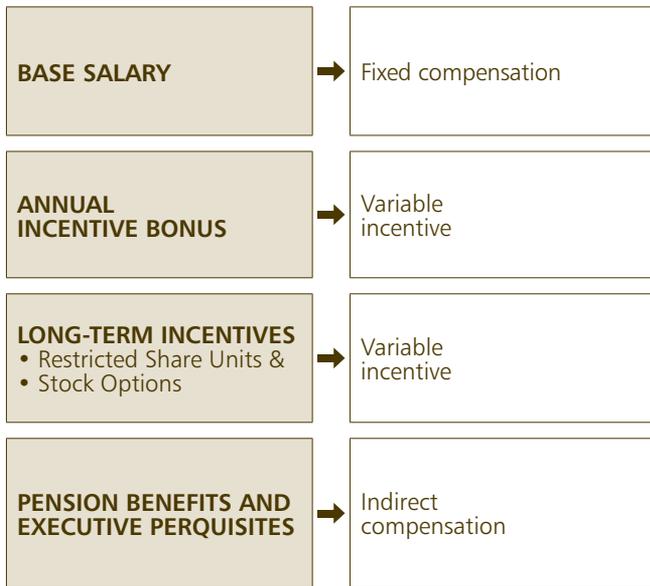

In 2011, Towers Watson was mandated to review the Company’s compensation program, policies and practices and assess any potential risk implications. Towers Watson concluded that *“there does not appear to be significant risks arising from CN’s compensation programs that are reasonably likely to have a material adverse effect on the company”*.

#### NON-COMPETE, NON-SOLICITATION AND NON-DISCLOSURE

The railroad industry operates in a highly competitive market and CN has undergone a transformational journey to be an industry leader. In recent years, the Company has stepped up efforts to protect itself and its confidential information. The Company’s long-term incentive award agreements, as well as its non-registered pension plans, therefore contain non-compete, non-solicitation and non-disclosure of confidential information conditions (the “**Conditions**”). Payout under the long-term incentive plans or the non-registered pension plans is subject to current or former employees complying with these Conditions.

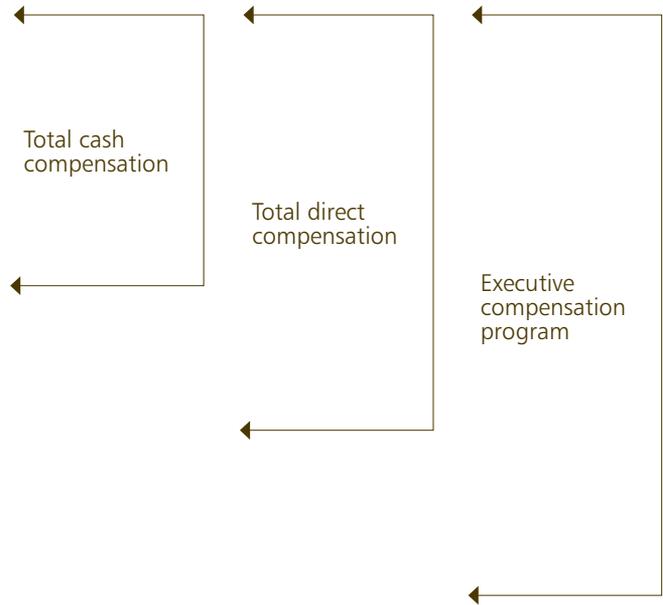

### Compensation Framework

The Company's executive compensation program and policies are designed to ensure that there is a clear link between the Company's long-term strategy, its business plan and executive rewards, thus encouraging the right behaviours. A significant proportion of executive incentive remuneration is therefore tied to key corporate objectives that play a pivotal role in driving the organization's short- and long-term profitability and return to shareholders. The executive compensation program is also

designed to be competitive, in order to attract, retain and motivate outstanding executive talent.

The executive compensation program is comprised of five elements: i) base salary; ii) annual incentive bonus; iii) long-term incentives; iv) pension benefits; and v) executive perquisites. The combination of base salary, annual incentive bonus and long-term incentives defines the total direct compensation offering, which is weighted towards variable, "pay-for-performance" elements.

### Compensation Policy

#### THE COMPANY'S EXECUTIVE COMPENSATION POLICY

Prior to 2010, the executive compensation policy aimed to position total direct compensation at the 75th percentile of the executives' respective comparator groups. Concurrent with the appointment of Claude Mongeau as President and CEO in January 2010, the policy was revised to target a market positioning of total direct compensation between the median and 60th percentile of the executives' respective comparator groups. This reduction in market positioning from the 75th percentile was determined to be competitive after a thorough review of the structure, levels and practices of remuneration in the railroad industry. In order to achieve the objectives of this revised policy, base salaries and target annual bonuses are set with reference to the median level of the respective comparator group, whereas the grant date fair value of long-term incentives is set with reference to the 60th percentile. The Committee believes that the compensation policy and its principles provide for competitive and reasonable compensation levels.

#### BENCHMARKING USING COMPARATOR GROUPS

The median and 60th percentile competitive pay levels are determined using comparator groups, which have been carefully reviewed and endorsed by the Committee as being appropriate for the level and nature of the positions. In determining compensation for the NEOs, the Company considers a comparator group of North American companies that are comparable in size and with whom the Company competes for executive talent. In 2011, the comparator group for the NEOs was the following Class I Railroads: Union Pacific Corporation, CSX Corporation, Norfolk Southern Corporation and Canadian Pacific Railway Limited. The Committee also considers data from a secondary reference point for purposes of verifying the alignment with general compensation trends, but not for direct benchmarking purposes, given the direct comparability of the above-mentioned Class I Railroads. The comparator group used to benchmark pay levels for all other executives, other than the NEOs, serves as this secondary reference point, as described below.

For all other executives, the comparator group used for benchmarking purposes is a broad sample of U.S. organizations that participate in Towers Watson’s proprietary database (the “U.S. Industrial”). Data are size-adjusted to reflect the scope of each CN executive role based on their respective revenue responsibility. Where size-adjusted results are insufficient, data are provided from organizations in the U.S. Industrial sample with revenues between US\$6 billion and US\$10 billion.

Throughout the annual executive compensation review process, the Committee also receives advice from its independent compensation consultant, Hugessen.

**COMPENSATION DECISIONS AND PROCESS**

The Committee normally reviews the base salaries of executives in January each year, by taking into consideration median comparator group practices, economic outlook, leadership abilities, retention considerations and succession plans.

The Committee reviews and recommends for approval by the Board of Directors the performance targets related to both the Annual Incentive Bonus Plan and the Restricted Share Units Plan. These targets are derived from CN’s annual business plan, which is prepared by Management and reviewed with the full Board during the Strategic Planning Committee meetings. The business planning process is an extensive one, during which Management examines with the Directors the economic, business, regulatory and competitive conditions which affect or can be expected to affect CN’s business in the following three-year period. Throughout the year, members of the Committee are provided with updates related to the Company’s

performance against targets. The Committee and the Board also have open access to senior management throughout the year, should they wish to discuss specific business issues or seek clarification. The Board and the Committee are therefore confident that they have detailed visibility of the Company’s financial performance and that they are appropriately equipped to recommend executive compensation decisions.

The annual grant of restricted share units and stock options to NEOs and other eligible employees is reviewed and approved at the meetings of the Committee and the Board of Directors which take place each year in January. In determining the appropriate long-term incentive fair value granted to each NEO, the Committee considered external market data, as discussed in the “Benchmarking Using Comparator Groups” section, as well as other factors such as individual performance, leadership and talent retention. Long-term incentive fair values were determined with reference to the 60th percentile of the Class I Railroads comparator group. The fair value of the restricted share units granted to NEOs is approximately equivalent to that of stock options, except in the case of the CEO, due to the 20% limitation on the number of stock options that can be awarded to one individual, pursuant to the terms of the Management Long-Term Incentive Plan – please refer to page 60 for a description of the plan.

The compensation of the NEOs, other than that of the CEO, is recommended by the CEO and reviewed and approved by the Committee. The compensation of the CEO is recommended by the Committee and approved by the independent members of the Board of Directors.

**Components of the Executive Compensation Program**

The following table summarizes the components of the Company’s executive compensation program, which is driven by the executive compensation policy. Each component is then further detailed in this section.

## BASE SALARY

The Committee normally reviews the base salaries of executives in January each year, by taking into consideration median comparator group practices, economic outlook, leadership abilities, retention considerations and succession plans. The current comparator group for the NEOs comprises Class I railroads of comparable size and scope, namely Union Pacific Corporation, CSX Corporation, Norfolk Southern Corporation and Canadian Pacific Railway Limited. The base salaries of NEOs are generally paid in U.S. dollars in order to provide for a more meaningful and objective comparison with U.S. denominated salaries of incumbents in equivalent positions within the comparator group.

In 2011, the salary increases provided to all NEOs were in line with expected market increases and support the NEOs' growth in their continuing roles and adequate positioning against market. Mr. Mongeau's base salary was therefore increased from US\$950,000 to US\$975,000, Mr. Jobin's from US\$536,000 to US\$550,000, Mr. Creel's from US\$550,000 to US\$565,000, Mr. Ruest's from US\$490,000 to US\$515,000 and Mr. Finn's from US\$490,000 to US\$500,000. While NEO base salaries are paid in U.S. dollars, the Summary Compensation Table on page 54 reports the amounts in Canadian dollars, as required by the disclosure rules issued by the Canadian Securities Administrators.

## ANNUAL INCENTIVE BONUS PLAN

In addition to the NEOs, approximately 4,600 management employees are eligible to participate in an annual performance-based bonus plan. Under the Company's Annual Incentive Bonus Plan ("AIBP"), minimum, target and maximum payouts, expressed as a percentage (%) of base salary, are as follows for the CEO, the other NEOs, the Senior Vice-Presidents and Vice-Presidents:

POSITION	MINIMUM	TARGET <sup>(1)</sup>	MAXIMUM <sup>(1)</sup>
CEO	0%	120%	240%
Other NEOs	0%	70%	140%
Senior Vice-Presidents	0%	65%	130%
Vice-Presidents	0%	50/60%	100/120%

(1) Represents percentage of base salary as at December 31, 2011.

The bonus payout received under the AIBP depends on the achievement of both corporate (70%) and individual (30%) objectives. This design reflects the Company's view that any short-term incentive should be tied both to the overall performance of the Company and to those areas of its business that each employee can influence directly.

For 2011, the AIBP was comprised of the following components:

1. **Corporate financial performance:** 70% of the bonus was linked to the achievement of a balanced set of objectives that contribute to the Company's long-term financial growth and profitability. The Committee ensures that performance goals and conditions are directly aligned with the achievement of the Company's corporate objectives as set out in the Company's business plan, which is reviewed and approved by the Board of Directors. CN's business planning process is an extensive one, during which Management examines with the Board of Directors, the economic, business, regulatory and competitive conditions which affect or can be expected to affect the Company's business in the following three-year period. Such items are also taken into account in establishing the Company's targets under the AIBP. In addition, in setting the AIBP targets for the upcoming year, the Company generally excludes items from the prior year that did not necessarily arise as part of the normal business of the Company, which can impact the comparability of the Company's year-over-year financial performance and the Company's current year targets in relation to the prior year's results. In 2011, the Board of Directors assessed the Company's performance against targets for revenues, operating income, diluted earnings per share, free cash flow and 1-year return on invested capital ("ROIC"). These measures were selected because they are quantifiable components that play a key role in driving the organization's short- and long-term profitability and return to shareholders. Additionally, the Board is of the view that its chosen corporate objectives are appropriate for a capital intensive business like CN's. The 2011 targets were approved by the Board of Directors in January 2011 based on the Company's business and financial outlook at that time.

Under the terms of the AIBP, a maximum corporate performance factor of 150% (or 200% for NEOs and approximately 190 other executives and senior management employees) can be applied to an eligible employee's annual bonus payout when financial results exceed all five corporate performance objectives.

The following table shows the 2011 corporate performance objectives, including each objective's weight, as approved by the Board of Directors in January 2011 and the 2011 results as reported by the Company.

- (1) Objectives set assuming an exchange rate of US\$1 = C\$1.02.
- (2) Results reflect an actual exchange rate of US\$1 = C\$0.99.
- (3) Revenue target assumes fuel surcharges that are based on oil and diesel prices included in the Company's Board-approved business plan.
- (4) Free cash flow does not have any standardized meaning prescribed by Generally Accepted Accounting Principles (GAAP) and may, therefore, not be comparable to similar measures presented by other companies. The Company believes that free cash flow is a useful measure of performance as it demonstrates the Company's ability to generate cash after the payment of capital expenditures and dividends. The Company defines free cash flow as net cash provided by operating activities, adjusted for changes in the accounts receivable securitization program and in cash and cash equivalents resulting from foreign exchange fluctuations, less net cash used in investing activities, adjusted for the impact of major acquisitions, and the payment of dividends.
- (5) ROIC measures the Company's efficiency in the use of its capital funds and is viewed as a key measure of long-term value generation to its shareholders. ROIC is generally calculated as net income before interest expense, divided by the total of the average net indebtedness and the average shareholders' equity, and may, in certain instances, be adjusted for certain items as determined by the Committee.

In January 2011, the above performance targets were set assuming an exchange rate of US\$1 = C\$1.02. During the year, the actual exchange rate was US\$1 = C\$0.99. In order to allow for a better comparison against actual results, performance targets were adjusted to take into account the 2011 actual exchange rate. In addition, the Company's revenue targets were adjusted to take into consideration the difference between actual and forecasted oil and diesel prices with respect to the Company's fuel surcharges. The following table therefore compares the 2011 adjusted performance targets with the actual 2011 results as reported by the Company.

- (2) Results reflect an actual exchange rate of US\$1 = C\$0.99.
- (3) Revenue target has been adjusted to reflect actual fuel surcharges invoiced to clients based on actual oil and diesel prices in 2011.
- (4) Free cash flow does not have any standardized meaning prescribed by GAAP and may, therefore, not be comparable to similar measures presented by other companies. The Company believes that free cash flow is a useful measure of performance as it demonstrates the Company's ability to generate cash after the payment of capital expenditures and dividends. The Company defines free cash flow as net cash provided by operating activities, adjusted for changes in the accounts receivable securitization program and in cash and cash equivalents resulting from foreign exchange fluctuations, less net cash used in investing activities, adjusted for the impact of major acquisitions, and the payment of dividends.
- (5) ROIC measures the Company's efficiency in the use of its capital funds and is viewed as a key measure of long-term value generation to its shareholders. ROIC is generally calculated as net income before interest expense, divided by the total of the average net indebtedness and the average shareholders' equity, and may, in certain instances, be adjusted for certain items as determined by the Committee.

CN delivered exceptional financial results in 2011. The Company's broad-based service innovation and sustained focus on operational excellence enabled CN to grow its business faster than the overall economy and to generate record annual carloadings, revenues and earnings.

The Company continued to produce solid free cash flow, supported in part by the monetization of underutilized assets. The Company reinvested in the business, with 2011 capital spending of C\$1.71 billion. The Company also made a voluntary pension contribution of approximately C\$350 million in 2011 to strengthen the financial position of the Company's main pension plan and in anticipation of future funding requirements.

At the same time, the Company maintained its commitment to returning value to shareholders. In 2011, the Company increased its dividend by 20% versus the prior year and repurchased almost 20 million shares.

For 2011, after considering the financial results against established corporate objectives, the Board of Directors assessed the corporate performance at "far exceeds", allowing for the maximum corporate performance factor of 150% (or 200% for NEOs and approximately 190 other executives and senior management employees). Under the terms of the AIBP, the maximum corporate performance factor is attained when all five corporate objectives are exceeded.

2. **Individual performance:** 30% of the bonus was based on personal business-oriented goals that considered the strategic and operational priorities related to each executive’s respective function, with a strong overall focus on: growing revenues at low incremental cost, balancing operational and service excellence, leadership, fostering a high performance culture and stakeholder engagement. The individual performance factor can range from 0% to 200% for NEOs and for approximately 190 other executives and senior management employees. For all other eligible employees, the performance factor can range from 0% to 150%. The individual performance factor for the CEO is based on an individual assessment reviewed and approved by the Committee.

In 2011, the individual objectives of the NEOs included both quantitative measures and qualitative strategic and operational considerations related to their function. At year-end, the CEO reviewed the performance of the other NEOs, taking into consideration their achievements against their pre-determined individual objectives and determined their individual performance rating, subject to Committee review and approval. The Committee then reviewed and reflected on each NEO’s, other than the CEO’s, individual achievements against goals, as well as their overall leadership in meeting their objectives. For 2011, taking into account the recommendations of the CEO, the Committee determined that the NEOs had met their personal objectives and approved each of their individual performance ratings, which translates to the performance factor to be applied to the calculation of their bonus payout.

In 2011, the average individual performance factor for the NEOs, including the CEO, was 120%.

Any annual incentive bonus payout under the individual component is conditional upon a payout being declared under the corporate component. In addition, should corporate performance be assessed at “partially meets” (i.e. a corporate performance factor below 100%), the individual performance factor will be prorated to the same level.

The following formula illustrates how an eligible employee’s annual base salary (as at December 31, 2011), target payout, corporate and individual performance factors interact in the determination of the actual annual bonus payout:

$$\begin{array}{ccccccc}
 \text{Annual Base Salary} & \times & \text{Target Payout} & \times & 70\% & \times & \text{Corporate Performance Factor} \\
 & & & & & & \\
 & & & & & & + \\
 & & & & & & \\
 \text{Annual Base Salary} & \times & \text{Target Payout} & \times & 30\% & \times & \text{Individual Performance Factor} & \times & \text{Corporate Performance Factor when below 100\%}
 \end{array}$$

In 2011, the average payout for the NEOs, including the CEO, was 176% of target payout. The actual payouts are reported in the Summary Compensation Table on page 54, under the column Non-equity incentive plan compensation – Annual incentive plans.

**LONG-TERM INCENTIVES**

The Board of Directors considers a number of factors to assess the Company’s long-term incentive strategy. Factors considered include the balance between long-term value creation and shareholder wealth protection, executive stock ownership position versus stock option holdings, executive retention risk, as well as the dilution impact of the different long-term incentive vehicles. Since 2005, the Board of Directors has elected to grant a combination of stock options and restricted share units (“RSU”) to NEOs, as well as to designated executives and senior management employees. The stock options and RSUs granted are of approximately equal value for all eligible employees, except for the CEO. The CEO’s long-term incentive (“LTI”) award has a smaller relative weight in stock option value, due to the 20% limitation on the number of stock options that can be awarded to one individual, pursuant to the terms of the Management Long-Term Incentive Plan – please refer to page 60 for a description of the plan.

The annual grant of RSUs and stock options to NEOs and other eligible employees is reviewed and approved at the meetings of the Committee and the Board of Directors which take place each year in January. In order to determine each NEO’s LTI award, the Committee takes into consideration individual performance, retention risk and succession plans, as well as the Company’s compensation philosophy and the value of long-term incentives granted over the last three years by the Class I Railroads that constitute the comparator group (please see section “Benchmarking Using Comparator Groups” on page 40). The Committee does not take into account previous executive grants when setting the individual awards, as the long-term incentive plans are inherently performance-based.

The effective grant date is the first day open for trading under the Company’s Insider Trading Policy, following the publication of the Company’s financial results for the previous year. Based on this approach, the effective grant date is generally the second trading day following the public release of the Company’s financial results. The exercise price of the stock options granted is equal to the closing price of the Company’s common shares on the Toronto Stock Exchange or the New York Stock Exchange on the grant date.

In 2011, a “one-year minimum active service” condition was included in the stock options and RSU award agreements, in order to encourage retention of key talent approaching retirement. In other words, should an executive, including NEOs, or other management employee retire in the year of the award agreement, RSUs and stock options awarded pursuant to that agreement will be forfeited.

#### RESTRICTED SHARE UNITS: 2011 AWARD

The Restricted Share Units Plan (the “RSU Plan”) was approved by the Board of Directors in 2004. The objective of the RSU Plan is to enhance the Company’s ability to attract and retain talented employees and to provide alignment of interests between such employees and the shareholders of the Company. The RSUs awarded are generally scheduled for payout after three years and the performance vesting factor is determined in relation to the achievement of a target related to the Company’s average ROIC over the plan period. In 2011, the average ROIC objective applied to the three-year period ending on December 31, 2013. The ROIC for each of the applicable plan years is generally calculated as net income before interest expense, divided by the total of the Company’s average net indebtedness and the average shareholders’ equity, and may, in certain instances, be adjusted for certain items as determined by the Committee. ROIC measures the Company’s efficiency in the use of its capital funds and is viewed as a key measure of long-term value generation to its shareholders. ROIC is also used as one of the five corporate performance measures under the AIBP, given its importance as a financial measure for a capital intensive business like CN’s and the differing time periods for the AIBP (annual) and the RSU Plan (3 years).

The RSU payout is also conditional upon meeting a minimum average closing share price during the last three months of 2013.

The RSUs granted in 2011 to NEOs and other designated employees are subject to the attainment of the performance criteria presented in the table below:

#### PERFORMANCE OBJECTIVES – RESTRICTED SHARE UNITS – 2011 AWARD

	OBJECTIVE	PERFORMANCE VESTING FACTOR <sup>(1)</sup>
Performance Objective: Average ROIC for the three-year period ending on December 31, 2013	Below 12.0%	0%
	12.0%	50%
	13.0%	100%
	14.0%	125%
	15.0% and above	150%
Payout Condition: Minimum average closing share price for the last three months of 2013	C\$67.20 on the TSX or US\$66.70 on the NYSE	

(1) Interpolation applies between objectives.

If the performance criteria are met, the payout, made in the currency of the recipient’s salary, will be calculated as follows:

Number of 2011 RSUs awarded	×	Performance Vesting Factor	×	20-day average closing share price on January 31, 2014
--------------------------------	---	-------------------------------	---	--

The grant date fair value of the RSUs awarded to each NEO in 2011 is included in the Summary Compensation Table on page 54, under the Share-based awards column.

#### RESTRICTED SHARE UNITS: 2009 AWARD PAYOUT

The RSUs awarded in 2009 to NEOs and other designated employees vested based on the achievement of an average ROIC for the three-year period ending on December 31, 2011 of 13.91%, exceeding the 13.0% target. This outcome resulted in a performance vesting factor of 122.6%. As the minimum average closing share price condition was also met, payout occurred in February 2012 pursuant to the terms and conditions set out in the 2009 award agreement and in accordance with the RSU Plan.

#### PERFORMANCE OBJECTIVES AND RESULTS – RESTRICTED SHARE UNITS – 2009 AWARD

	OBJECTIVE	PERFORMANCE VESTING FACTOR <sup>(1)</sup>	RESULTS
Performance Objective: Average ROIC for the three-year period ending on December 31, 2011	Below 12%	0%	13.91%
	12%	50%	
	13%	100%	
	14%	125%	
	15% and above	150%	
Payout Condition: Minimum average closing share price for the last three months of 2011	C\$42.95 on the TSX or US\$34.87 on the NYSE		C\$77.15 US\$75.43

(1) Interpolation applies between objectives.

The value vested during the year for each NEO is included in the section Incentive plan awards – Value vested or earned during the year, under the Share-based awards – Value vested during the year column on page 60.

#### STOCK OPTIONS

Stock options were granted in 2011 to NEOs and other designated employees pursuant to the Management Long-Term Incentive Plan (the “Plan”). Please refer to page 60 for details of the Plan. The stock options granted in 2011 were conventional, vest over four years at a rate of 25% at each anniversary date and have a 10-year term. Grants were made in the currency of the recipient’s salary.

Stock options are granted with the objective of rewarding NEOs and other designated employees for creating sustainable, long-term shareholder value. If the share price increases between the grant date and the vesting date, stock options will have a realizable value and be “in-the-money”. Gains would be

realized once the stock options are exercised. The gain will be equivalent to the difference between the share price on the date of exercise and the grant date share price, multiplied by the number of options exercised.

The grant date fair value of the stock options awarded to NEOs in 2011 is included in the Summary Compensation Table on page 54, under the Option-based awards column.

#### EXECUTIVE PERQUISITES

NEOs are eligible to receive perquisites and personal benefits in accordance with the Company's policy. These typically include the use of a company-leased vehicle, parking, financial counselling and tax services, club membership, certain healthcare benefits and life insurance. Other executives and senior management employees are also eligible to receive select perquisites; the type and value of the perquisites is generally determined by the grade of the employee's position. Following a review of the type and level of perquisites offered to executives, the Committee introduced specific policies to provide executive perquisites and personal benefits in line with general market practices. Since 2010, all executives must comply with the aircraft utilisation policy which restricts the usage of the corporate aircraft to business-related purposes only, save for exceptional circumstances and provided all incremental costs are fully reimbursed. Additionally, since January 2010, tax gross-ups on the value of certain executive perquisites have been eliminated.

#### EMPLOYEE SHARE INVESTMENT PLAN

The Employee Share Investment Plan ("ESIP"), available to all Company employees, provides the opportunity to participate in CN's ownership through the purchase of voting shares on the open market via payroll deductions. Employees may contribute between 1% and 10% of their gross base salary to the ESIP every pay period. The Company provides a 35% match on the first 6% of employee contributions. Both employee and employer contributions vest immediately. In 2011, all NEOs participated in the ESIP.

#### Other Key Compensation Policies of the Company

##### STOCK OWNERSHIP

The Committee strongly supports stock ownership by executives. In 1999, the Company introduced stock ownership guidelines that require a minimum level of stock ownership, set as a multiple of base salary, to be achieved within a five-year period. In 2002, the application of the guidelines was broadened to include a total of approximately 195 executives and senior management employees. Once executives and senior management employees have met their initial stock ownership requirements, they will maintain their status thereafter, even if the stock price declines. In addition, they are required to maintain compliance with such guidelines, which is reported annually to the Committee. Stock ownership guidelines can be met through the holding of common

shares and vested deferred share units under the Company's Voluntary Incentive Deferral Plan. Stock ownership requirements are as follows:

	GUIDELINES
President and CEO	5 times salary
Executive and Senior Vice-Presidents	3 times salary
Vice-Presidents	1.5 to 2 times salary
Senior Management	1 times salary

The CEO is also required to maintain his stock ownership level until one year after retirement. As at December 31, 2011, all NEOs have exceeded their share ownership requirements, except for Mr. Jobin who joined the Company in June 2009. Mr. Jobin has elected to defer his 2011 annual incentive bonus up to the maximum prescribed by the Voluntary Incentive Deferral Plan, such that he has exceeded his stock ownership requirement as of February 2012.

#### STOCK OWNERSHIP STATUS AS AT DECEMBER 31, 2011

NAMED EXECUTIVE OFFICER	NUMBER OF SHARES HELD <sup>(1)</sup>	VALUE OF HOLDINGS <sup>(2)</sup> (C\$)	VALUE REQUIRED TO MEET GUIDELINES <sup>(3)</sup> (C\$)	HOLDINGS AS A MULTIPLE OF SALARY <sup>(3)(4)</sup>

Sean Finn	38,775	3,107,816	1,483,650	6.3x

- (1) Common shares and/or vested deferred share units as at December 31, 2011.
- (2) Value is based on the closing share price of the common shares on December 31, 2011 on the TSX (C\$80.15), or the fair market value at the time of purchase if greater.
- (3) US\$ salaries were converted to Canadian dollars using the average rate during the year (US\$1 = C\$0.9891).
- (4) Mr. Jobin elected to defer his 2011 annual bonus, thereby increasing his holding position to 3.2x his base salary as of February 2012.

#### NO HEDGING POLICY

Under the Company's Insider Trading Policy, no directors, officers or employees can engage in hedging activity or in any form of transactions in publicly traded options on CN securities. This relates to all forms of derivatives, including "puts" and "calls".

#### CHANGE OF CONTROL PROVISIONS

The Management Long-Term Incentive Plan and the RSU Plan were amended effective March 4, 2008 to include "double trigger provisions". Pursuant to such provisions, the vesting of non-performance options or RSUs awarded after that date and held by a participant would not accelerate upon a Change of Control, unless the participant is terminated without cause or resigns for good reason. A Change of Control means any of the following events:

- a) in the event the ownership restrictions in the *CN Commercialization Act* are repealed, a formal bid for a majority of the Company's outstanding common shares;

- b) approval by the Company's shareholders of an amalgamation, merger or consolidation of the Company with or into another corporation, unless the definitive agreement of such transaction provides that at least 51% of the directors of the surviving or resulting corporation immediately after the transaction are the individuals who, at the time of such transaction, constitute the Board and that, in fact, these individuals continue to constitute at least 51% of the board of directors of the surviving or resulting corporation during a period of two consecutive years; or
- c) approval by the Company's shareholders of a plan of liquidation or dissolution of the Company.

The amended provisions state that acceleration of vesting would not occur if a proper substitute to the original options or units is granted to the participant. If such substitute is granted and a participant is terminated without cause or submits a resignation for good reason within 24 calendar months after a Change of Control, all outstanding substitute options or units which are not then exercisable shall vest and become exercisable or payable in full upon such termination or resignation. Substitute options that are vested and exercisable shall remain exercisable for a period of 24 calendar months from the date of such termination or resignation and units shall be paid within 30 days. These new provisions only affect grants made after March 4, 2008, and discretion is left to the Board of Directors to take into account special circumstances.

#### **NON-COMPETE/NON-SOLICITATION PROVISIONS**

On January 22, 2009, the Board of Directors approved the inclusion of non-compete and non-solicitation provisions to the restricted share unit and stock option award agreements to be executed in the future with the CEO, executive vice-presidents and senior vice-presidents. Hence, the restricted share units and stock options granted to such individuals after January 22, 2009, including the 2009 awards, are subject to cancellation if the recipients fail to comply with certain commitments. Those commitments prohibit:

- a) the use of confidential CN information for any purpose other than performing his or her duties with CN;
- b) engaging in any business that competes with CN;
- c) soliciting, accepting the business of a customer, client, supplier or distributor of CN or hiring or engaging employees of CN;
- d) taking advantage or profit from any business opportunity of which they became aware in the course of employment with CN; and
- e) taking any action as a result of which relations between CN and its consultants, customers, clients, suppliers, distributors, employees or others may be impaired or which might otherwise be detrimental to the business interests or reputation of CN.

Effective January 2011, the Board of Directors extended the inclusion of non-compete and non-solicitation provisions to the restricted share unit and stock option award agreements for all executives and senior management employees. Similarly, in 2010, the Board of Directors approved the inclusion of non-compete and non-solicitation provisions to certain supplemental retirement plans and arrangements. Such provisions were also harmonized in 2010 and 2011 across the non-registered pension plans that apply to all executives and senior management employees.

#### **EXECUTIVE COMPENSATION CLAWBACK**

In March 2008, the Board of Directors adopted an executive compensation clawback policy concerning future awards made under the Company's annual and long-term incentive plans. Under this policy, which applies to all executives, the Board may, in its sole discretion, to the full extent permitted by governing laws and to the extent it determines that it is in the Company's best interest to do so, require reimbursement of all or a portion of annual and long-term incentive compensation received by an executive. The Board of Directors may seek reimbursement of full or partial compensation from an executive or former executive officer in situations where:

- a) the amount of incentive compensation received by the executive or former executive officer was calculated based upon, or contingent on, the achievement of certain financial results that were subsequently the subject of or affected by a restatement of all or a portion of the Company's financial statements;
- b) the executive officer engaged in gross negligence, intentional misconduct or fraud that caused or partially caused the need for the restatement; and
- c) the incentive compensation payment received would have been lower had the financial results been properly reported.

#### **RISK MITIGATION IN OUR COMPENSATION PROGRAM**

One of the Company's fundamental goals is to create sustained shareholder value. In order to support this objective, the Committee focuses on developing and recommending an executive compensation philosophy and program that align with the Company's business strategy, emphasize pay-for-performance, and encourage the right behaviours. Hence, many characteristics of the Company's executive compensation program serve to mitigate risk and emphasize the importance of longer-term value creation:

- The compensation program appropriately balances fixed and variable pay, as well as short- and long-term incentives (in aggregate, approximately 80% of NEOs' target total direct compensation was directly linked to the Company's performance).

- The corporate component of the AIBP includes five performance metrics that are appropriately balanced between “top-line” measures and “bottom-line” measures, thus diversifying the risk associated with the use of any single performance metric (please refer to section “Annual Incentive Bonus Plan” on page 43 for more information).
- An annual review of the performance measures under the Company’s AIBP and RSU Plan takes place to ensure their continued relevance.
- The AIBP and the RSU Plan are designed to include the possibility of a zero payout, as well as a pre-defined maximum.
- There are multi-year, overlapping performance periods for the RSUs and stock options, which encourages consistent, long-term behaviour.
- The long-term incentive awards, which constitute a significant portion of NEO compensation, vest over a 3- or 4-year period, motivating executives to create longer-term value.
- The performance measures used within the RSU Plan reflect an appropriate balance between financial and share price metrics.
- In order to further align their interests with those of shareholders, executives and senior management employees (approximately 195 individuals) are required to meet specific stock ownership guidelines. In addition, the CEO must maintain his stock ownership level for one year after retirement (please refer to section “Stock Ownership” on page 47 for more information).
- The Company’s executive compensation clawback policy allows the Board, in certain situations, to request the full or partial reimbursement of annual and long-term incentive awards received by executives (please refer to section “Executive Compensation Clawback” on page 48 for more information).
- Annual retirement benefits to the CEO from the non-registered pension plan are capped.
- Commencing at various dates, for senior and executive management employees, the payout of LTI awards and the payment of retirement benefits under the Company’s non-registered pension plans, are conditional on compliance with the conditions of their benefit plans, award or employment agreements, including but not limited to non-compete, non-solicitation and non-disclosure of confidential information conditions (please refer to section “Non-Compete/Non-Solicitation Provisions” on page 48 for more information).
- The NEOs are not governed by employment contracts and the long-term incentive plans include “double-trigger provisions”, such that the vesting of LTI awards would generally not accelerate upon a Change in Control.
- Under the Company’s Insider Trading Policy, directors, executives and employees are prohibited from engaging in hedging activities against CN securities.
- Management retains the services of an external executive compensation consultant to assist in the determination of compensation for its Officers. The Committee retains the services of an independent executive compensation consultant to provide advice on compensation recommendations that are presented for Committee approval.

In 2011, Towers Watson was mandated to review the Company’s compensation program, policies and practices and assess any potential risk implications. Towers Watson concluded that *“there does not appear to be significant risks arising from CN’s compensation programs that are reasonably likely to have a material adverse effect on the company”*. The Committee played an active role in reviewing the Risk Assessment report and in discussing the improvement actions suggested by Towers Watson. As a result, the Committee requested that Management perform more extensive stress-testing on future long-term incentive awards, to validate that programs are aligned with CN’s pay-for-performance principles. The stress-testing exercise was performed on the NEOs’ 2012 LTI grants proposed by human resources management and the results were presented to the Committee for their consideration prior to the Committee and the Board approving such grants. The Committee strongly supports the conclusions from Towers Watson’s risk assessment report and in its own assessment determined that proper risk mitigation features are in place within the Company’s compensation program.

Throughout the year, the Committee plays an important oversight role related to the identification and management of risks associated with CN’s compensation policies and practices. For example, *in camera* sessions, restricted to members of the Committee, are held at the start of each of the Committee meetings to allow for discussion regarding any compensation- or risk-related issue. The Committee also believes in the benefits of a certain level of overlapping membership between the Audit and the Human Resources and Compensation Committees, particularly with regard to risk monitoring. As such, Denis Losier, Chair of the Audit Committee, is a member of the Human Resources and Compensation Committee and Robert Pace, Chair of the Human Resources and Compensation Committee, is a member of the Audit Committee. This overlap effectively provides a link between the two Committees’ risk oversight responsibilities.

## President and Chief Executive Officer Compensation

### CLAUDE MONGEAU, PRESIDENT AND CHIEF EXECUTIVE OFFICER

Mr. Mongeau became President and Chief Executive Officer (“CEO”) of CN on January 1, 2010. He joined CN in May 1994 and has held the positions of Assistant Vice-President Corporate Development, and Vice-President, Strategic and Financial Planning. He was appointed Executive Vice-President and Chief Financial Officer in October 2000.

As President and CEO, Mr. Mongeau is responsible for providing leadership and vision for CN, as well as achieving strategic and operational goals that will build long-term shareholder value. More details on his role are available in the Company’s Corporate Governance Manual, available at [www.cn.ca](http://www.cn.ca), under Delivering Responsibly/Governance.

### COMPENSATION

Concurrent with Mr. Mongeau’s appointment as President and CEO in January 2010, the executive compensation policy was revised to target a market positioning of total direct compensation between the median and 60th percentile of the executives’ respective comparator groups. This reduction from market positioning at the 75th percentile was determined to be competitive after a thorough review of the structure, levels and practices of remuneration in the railroad industry. The CEO’s comparator group consists of the following Class I Railroads: Union Pacific Corporation, CSX Corporation, Norfolk Southern Corporation and Canadian Pacific Railway Limited.

The CEO’s annual compensation takes into account factors such as competitive positioning against market, economic outlook, leadership abilities, retention considerations and succession plans. Mr. Mongeau’s annual compensation is recommended by the Committee and approved by the independent members of the Board of Directors. The CEO serves at the will of the Board and does not have an employment contract.

#### Base Salary

In 2011, Mr. Mongeau’s base salary was increased from US\$950,000 to US\$975,000 (C\$964,373), in line with expected market increases and recognizing the CEO’s growth in his continuing role.

#### Annual Incentive Bonus Plan

For 2011, Mr. Mongeau’s target bonus was 120% of his base salary. As is the case for other management participants in the Annual Incentive Bonus Plan, 70% of the bonus payout is based on corporate performance and 30% is based on individual performance.

After considering the 2011 financial results against the established corporate objectives, the Board of Directors assessed the corporate performance as “far exceeds”, allowing for the maximum corporate performance factor of 200% for the CEO.

The individual objectives of the CEO are measured against the goals, objectives and standards approved annually by the Committee and the Board. The individual goals set at the beginning of 2011 included elements covering performance in the following areas: operational and service excellence (20%); supply chain management (20%); employee engagement (20%); stakeholder engagement (20%); and leadership (20%). Following a review of the CEO’s performance against objectives, the Committee determined that the CEO had met his overall individual performance objectives and recommended to the Board of Directors the approval of the CEO’s annual incentive bonus payout of US\$2,076,750 (C\$2,112,055).

#### Operational and Service Excellence

In 2011, Mr. Mongeau continued to advance the Company’s business strategy of delivering operational and service excellence. Under Mr. Mongeau’s leadership, the Company targeted on-going productivity gains to support growth at low incremental cost, while maintaining safety as a top priority, and improving customer service.

CN delivered a solid operating performance in 2011 recording an industry leading operating ratio of 63.5%, the second best performance in the Company’s history, and a 10 basis point improvement versus the prior year. CN also continued to lead the industry with respect to key operating efficiency metrics including terminal dwell and train velocity. These results were achieved despite unusually harsh weather conditions in the first half of the year.

In addition, Mr. Mongeau continued to lead the efforts to broaden and deepen the Company’s safety culture, including investments to drive continuous improvement in employee training, as well as an on-going focus on innovation and technology deployment. The Company posted a year-over-year reduction in employee injuries with an injury frequency rate per 200,000 person hours of 1.55, down from 1.72 in 2010 and its accident rate per million train miles was 2.25 in 2011 compared to 2.23 in 2010.

Significant progress was made with respect to advancing the Company’s service excellence agenda. Overall improvements in customer service were driven by the Company’s continued focus on end-to-end supply chain performance. In addition, Mr. Mongeau oversaw the aggressive roll-out of the Company’s CustomerFIRST initiative – an initiative designed to bring greater value to the entire range of customer touch points, including improvements in switch window compliance and car order fulfillment that were supported by the implementation of a new car management program.

## Supply Chain Management

The Company's sustained focus on improving the efficiency of the entire supply chain continued to produce results. Supporting this approach are the Company's groundbreaking supply chain and service level agreements that create a forum for customer collaboration to drive supply chain efficiencies across all segments of the business. Built on the need identified by our customers for clearer targets, on-going interaction with respect to business conditions and more systematic monitoring of performance, the supply chain and service level agreements have already been signed with more than twenty customers. Under Mr. Mongeau's leadership, supply chain thinking is becoming embedded in how we look at our customers and our opportunities for growth.

The launch of various supply chain monitoring tools is also producing results. These tools provide better visibility into potential pinch points along the supply chain, in time for corrective action to be taken. These initiatives are driving improvements in customer satisfaction and are supporting growth beyond base market conditions.

## Employee Engagement

Deepening employee engagement by continuing to build pride and by helping employees connect their contributions to CN's success was another key priority for 2011. CN recognizes that the labour market is increasingly competitive and that younger workers are drawn to workplaces that feature a continuous and challenging learning environment. Mr. Mongeau is therefore focused on creating an integrated approach to managing the Company's human resources that includes: competitive compensation, on-going training and development, and creating an environment that fosters teamwork and continuous improvement.

The Company's commitment towards training took a major step forward in 2011 with the launch of an effort to revamp and expand training tools, facilities and delivery resources. Intended to improve the effectiveness of all training situations, the program's goal is to provide the right training to ensure employee safety and productivity and to bring new employees "on board" as quickly and effectively as possible.

Mr. Mongeau also spearheaded an Onboarding Program for new recruits in 2011. A 24-month process starting at job acceptance, Onboarding is designed to provide new employees with an effective company orientation, consistent, quality training programs and on-going opportunities for networking and development. These onboarding and training initiatives allowed the Company to smoothly integrate approximately 3,000 new hires in 2011.

In 2011, the Company reached a landmark 4-year agreement with the Canadian Auto Workers (CAW) Union. Tentative agreements with the United Steelworkers (USW) and the Teamsters Canada Rail Conference (TCRC) were also reached, notably in advance of their December 31 expiry dates. The TCRC agreement was ratified in late January 2012 and the USW agreement was ratified in early February 2012.

## Stakeholder Engagement

In 2011, the Company continued to build on its efforts to improve stakeholder engagement. Mr. Mongeau maintained his efforts to personally reach out to a broad group of external stakeholders including industry associations, policy makers, First Nations, shareholders and all Canadian and U.S. regulators with railroad oversight.

## Leadership

Mr. Mongeau maintained his focus on promoting cohesion and teamwork throughout the Company. By combining structured, regular management meetings with the use of more informal discussions, Mr. Mongeau has demonstrated success in ensuring that CN's management team is aligned to the organization's goals, that there is a sense of urgency in the decision-making process and that there is sustained, solid execution.

## Long-Term Incentives

Restricted share units and stock options are granted to the CEO pursuant to the RSU Plan and the Management Long-Term Incentive Plan. Grants to the CEO are made on the same basis and conditions as those of the other NEOs of the Company, subject to the 20% limitation under the Management Long-Term Incentive Plan. In 2011, Mr. Mongeau received 72,470 RSUs and 120,000 options. The fair value of these awards is included in the Summary Compensation Table on page 54, under the Share-based awards and Option-based awards columns.

In accordance with the disclosure rules issued by the Canadian Securities Administrators, amounts paid to Mr. Mongeau are reported in the prescribed tables in Canadian dollars.

## Other Named Executive Officers' Compensation

### LUC JOBIN, EXECUTIVE VICE-PRESIDENT AND CHIEF FINANCIAL OFFICER

Mr. Jobin is accountable for the Company's financial management and governance, strategic planning and information technology.

Appointed CN's Executive Vice-President and Chief Financial Officer in June 2009, Mr. Jobin has extensive experience as a business leader and senior executive within the consumer goods, manufacturing and investment industries.

Mr. Jobin obtained his Chartered Accountant Accreditation from the Canadian Institute of Chartered Accountants and earned his Diploma in Public Accountancy from McGill University.

In 2011, Mr. Jobin's base salary was increased from US\$536,000 to US\$550,000 (C\$544,005), in line with expected market increases and recognizing the CFO's growth in his continuing role and adequate positioning against market. Under the Annual Incentive Bonus Plan, his 2011 target bonus was equivalent to 70% of base salary. In addition, the Committee approved a 2011 grant of 20,960 RSUs and 41,920 stock options, in accordance with the terms of the RSU Plan and the Management Long-Term Incentive Plan respectively.

Mr. Jobin's performance in 2011 was assessed by the CEO against individual performance objectives, including: company-wide financial management, progression of the Company's strategic agenda including the execution of value creation initiatives, accelerating the development of cross-functional growth and productivity initiatives, resource planning and employee engagement. Mr. Jobin was assessed as having met his overall individual performance objectives. Based on the Company's financial performance, as well as on his individual assessment, Mr. Jobin received a 2011 annual bonus in the amount of US\$683,575 (C\$695,196).

**KEITH CREEL, EXECUTIVE VICE-PRESIDENT AND CHIEF OPERATING OFFICER**

Mr. Creel is accountable for the Company's North American rail operations.

Appointed CN's Executive Vice-President and Chief Operating Officer in January 2010, Mr. Creel has extensive railway experience in both Canada and the United States.

Mr. Creel obtained a Bachelor of Science degree in marketing/management from Jacksonville State University. He also completed the Advanced Management Program at the Harvard Business School. Mr. Creel has a military background and served as a commissioned officer in the U.S. Army, during which time he served in the Persian Gulf War.

In 2011, Mr. Creel's base salary was increased from US\$550,000 to US\$565,000 (C\$558,842), in line with expected market increases and recognizing the COO's growth in his continuing role and adequate positioning against market. Under the Annual Incentive Bonus Plan, his 2011 target bonus was equivalent to 70% of base salary. In addition, the Committee approved a 2011 grant of 21,620 RSUs and 43,240 stock options, in accordance with the terms of the RSU Plan and the Management Long-Term Incentive Plan respectively.

In 2011, Mr. Creel's performance was assessed by the CEO against individual performance objectives, including: cost management, asset utilization, service, safety and people. Mr. Creel was assessed as having met his overall individual performance objectives. Based on the Company's financial performance, as well as on his individual assessment, Mr. Creel received a 2011 annual bonus in the amount of US\$702,013 (C\$713,947).

**JEAN-JACQUES RUEST, EXECUTIVE VICE-PRESIDENT AND CHIEF MARKETING OFFICER**

Mr. Ruest was appointed CN's Executive Vice-President and Chief Marketing Officer on January 1, 2010 and is responsible for providing the strategic direction and leadership for CN's sales, marketing and supply chain solution groups.

He is a seasoned executive and has extensive marketing experience within the railway industry. Prior to joining CN, he accumulated more than 15 years of experience working for a major international chemical company.

Mr. Ruest holds a Masters in Business Administration in marketing from HEC Montréal and a Bachelor of Science degree in applied chemistry from Université de Sherbrooke. He also completed the executive program from the University of Michigan's business school.

In 2011, Mr. Ruest's base salary was increased from US\$490,000 to US\$515,000 (C\$509,387), in line with expected market increases and recognizing the CMO's growth in his continuing role and adequate positioning against market. Under the Annual Incentive Bonus Plan, his 2011 target bonus was equivalent to 70% of base salary. In addition, the Committee approved a 2011 grant of 19,650 RSUs and 39,300 stock options, in accordance with the terms of the RSU Plan and the Management Long-Term Incentive Plan respectively.

Mr. Ruest's performance in 2011 was assessed by the CEO against individual performance objectives, including: pre-selling business, embedding a supply chain business mindset into the various CN business units, creating a premier intermodal business with solid growth potential, pricing to value and sustainability and building a progressive market-driven and customer-focused commercial team. Mr. Ruest was assessed as having met his overall individual performance objectives. Based on the Company's financial performance, as well as on his individual assessment, Mr. Ruest received a 2011 annual bonus in the amount of US\$639,888 (C\$650,766).

**SEAN FINN, EXECUTIVE VICE-PRESIDENT CORPORATE SERVICES AND CHIEF LEGAL OFFICER**

Mr. Finn was appointed Senior Vice-President, Chief Legal Officer and Corporate Secretary in December 2000 and CN's Executive Vice-President Corporate Services and Chief Legal Officer in December 2008. He is responsible for a wide array of legal, government, regulatory, public affairs, risk mitigation and security matters. As Corporate Secretary, he is also responsible for CN's Corporate Governance practices.

Mr. Finn led CN's tax function and was appointed CN's Vice-President, Treasurer and Principal Tax Counsel in January 2000. Before joining the Company, he was the Managing Tax Partner for an important Montreal law firm.

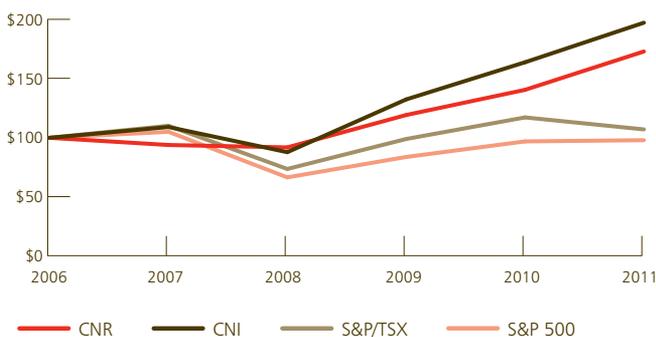

Mr. Finn graduated from the faculty of law of the University of Montreal, after which he was admitted to the Quebec Bar, and is a member of the Canadian and American Bar Associations. Mr. Finn has completed the Directors Education Program given by the Institute of Corporate Directors and the Rotman School of Management, as well as the Excellence in the Boardroom Program at the Rotman School of Management, Executive Programs, University of Toronto.

In 2011, Mr. Finn's base salary was increased from US\$490,000 to US\$500,000 (C\$494,550), in line with expected market increases and recognizing the CLO's growth in his continuing role and adequate positioning against market. Under the Annual Incentive Bonus Plan, his 2011 target bonus was equivalent to 70% of base salary. In addition, the Committee approved a 2011 grant of 18,340 RSUs and 36,680 stock options, in accordance with the terms of the RSU Plan and the Management Long-Term Incentive Plan respectively.

Mr. Finn's performance in 2011 was assessed by the CEO against individual performance objectives related to smart stakeholder engagement, enterprise risk management, leadership development, corporate governance and Board transition. Mr. Finn was assessed as having met his overall individual performance objectives. Based on the Company's financial performance, as well as on his individual assessment, Mr. Finn received a 2011 annual bonus in the amount of US\$595,000 (C\$605,115).

### Performance Graph

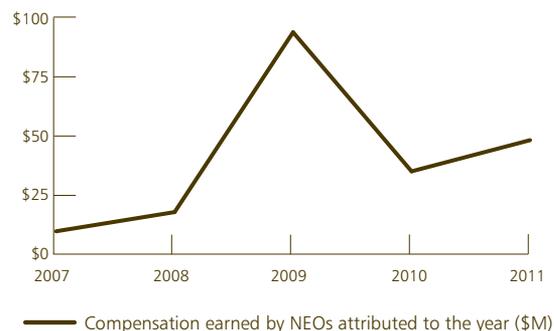

The following Performance Graph illustrates the yearly cumulative total shareholder return on a \$100 investment in CN's common shares compared with the cumulative total return of the S&P/TSX and the S&P 500 Indices from the period beginning December 31, 2006 to the period ending December 31, 2011. It assumes reinvestment of all dividends during the covered period.

	DEC-06	DEC-07	DEC-08	DEC-09	DEC-10	DEC-11
CNR	\$100	\$95	\$93	\$121	\$142	\$174
CNI	\$100	\$111	\$89	\$133	\$166	\$199
S&P/TSX	\$100	\$110	\$74	\$99	\$117	\$107
S&P 500	\$100	\$105	\$66	\$84	\$97	\$99

Over the last five years, the three main components of compensation – base salary, annual incentive, and long-term incentives – that were earned by all NEOs combined represented about 2.2% of the approximate C\$10 billion aggregate market capitalization increase over the same period. The total compensation earned by NEOs is defined as the amount of base salary and bonus earned during the year, plus the yearly change in unrealized and realized gains from equity-based incentive plans. The Committee believes that the Company's executive compensation policy is effective and appropriately supports a strong relationship between the compensation earned by NEOs and the investment return of shareholders. Over the last five years, approximately 80% of the compensation earned by NEOs was derived from equity-based incentive plans, closely linking their compensation to shareholder return.

The following graphs illustrate the annual change in cumulative total shareholder return on a \$100 investment in CN's common shares on the TSX compared with the total compensation earned by NEOs in each year of the five-year period ending on December 31, 2011, and demonstrates the close link between the two.

# Summary Compensation Table

The following table sets forth the annual total compensation in Canadian dollars for the NEOs, for the years ended December 31, 2011, 2010 and 2009. Fluctuation in the exchange rate may affect year-over-year comparability. Please refer to page 68 for currency exchange information.

- (1) Mr. Mongeau was appointed President and Chief Executive Officer as of January 1, 2010. Mr. Jobin joined CN and assumed the role of Executive Vice-President and Chief Financial Officer as of June 1, 2009. Mr. Creel was appointed Executive Vice-President and Chief Operating Officer effective January 1, 2010. Mr. Ruest was appointed Executive Vice-President and Chief Marketing Officer as of January 1, 2010. Mr. Finn was appointed Executive Vice-President Corporate Services and Chief Legal Officer effective December 1, 2008.
- (2) Represents the grant date fair value of awards calculated in accordance with Accounting Standards Codification (ASC) 718 – Compensation – Stock Compensation, under U.S. Generally Accepted Accounting Principles (U.S. GAAP), in order to align with the methodology used in the Company's financial statements. Please refer to page 55 for a detailed description of the methodology used.
- (3) Represents the incentive earned under the Annual Incentive Bonus Plan for the applicable year. Refer to page 43 for the details of the AIBP.
- (4) Includes the compensatory value of pension benefits as reported in the "Defined Benefit Plans" and "Defined Contribution Plans" tables in the "Pension Plan Benefits" section on page 66. For Mr. Mongeau, the amount of Compensatory Change on the 2009 accrued obligation was updated from C\$1,557,000 to C\$2,452,000 to reflect the impact of the higher target bonus following his appointment as CEO.
- (5) Includes the value of perquisites, personal benefits and other compensation (as applicable), for example post-retirement benefits or the Employer contribution under the Employee Share Investment Plan. Perquisites and other personal benefits that in aggregate amount to less than C\$50,000 or 10% of the total salary for any of the Named Executive Officers are not reported in this column. Details are provided in the table on page 56.
- (6) The 2009 and 2010 "All Other Compensation" amounts were updated in order to include the Employer contribution under the Employee Share Investment Plan.
- (7) Mr. Jobin's share-based award includes 2,454 deferred share units which represent the 25% company-match awarded under the Voluntary Incentive Deferral Plan and vest over 4 years, upon the deferral of his 2010 AIBP. The grant date fair value of the award was calculated by multiplying the number of units by C\$67.89, the share price on the day of the award.
- (8) Amounts shown include any portion of the annual bonus that was deferred by an NEO. Mr. Jobin elected to defer the totality of his 2011 AIBP payout into deferred share units under the Voluntary Incentive Deferral Plan ("VIDP"), up to the maximum limit equivalent to his stock ownership guideline. Payouts from the VIDP occur only upon cessation of employment and are payable in cash. For 2011, his deferral was equivalent to 7,339 units using a share price of US\$77.31 with a 25% company match of 1,835 units that will vest over four years, at a rate of 25% per year. Mr. Jobin also elected to defer the totality of his 2010 AIBP payout under the VIDP. The 2010 deferral was converted into 9,817 deferred share units using a share price of US\$67.84 and he received a company match of 2,454 units. Mr. Jobin also elected to defer the totality of his 2009 AIBP payout. The deferral was converted into 4,141 deferred share units using a share price of US\$53.80 with a company-match of 1,035 units. Refer to "Deferred Compensation Plans" on page 62 for details.
- (9) The pension plan values stated for Mr. Jobin and Mr. Creel exclude the notional investment earnings (and losses) from the Defined Contribution Supplemental Executive Retirement Plan. Refer to pages 64 and 65 for details of the Defined Contribution Supplemental Executive Retirement Plans.
- (10) Mr. Jobin's share-based award includes 1,035 units which represent the 25% company-match awarded under the Voluntary Incentive Deferral Plan, which vest over 4 years, upon the deferral of his 2009 AIBP. The grant date fair value of the award was calculated by multiplying the number of units by C\$53.32, the share price on the day of the award.
- (11) On an annual basis, Mr. Jobin's salary in 2009 was US\$525,000 (C\$599,550).
- (12) Mr. Creel's 2010 share-based award includes a special award of 30,800 RSUs granted following his appointment to Executive Vice-President and Chief Operating Officer.

## EXTENSION TO NOTE (2) OF THE SUMMARY COMPENSATION TABLE ON THE CALCULATION OF GRANT DATE FAIR VALUE OF AWARDS

The fair value of the long-term incentive awards reflects their expected value on the date of the grant and is calculated in accordance with Accounting Standards Codification (ASC) 718 – Compensation – Stock Compensation, under U.S. Generally Accepted Accounting Principles (U.S. GAAP), in order to align with the methodology used in the Company's financial statements. Share-based awards represent the award of company-matched deferred share units (DSUs) under the Voluntary Incentive Deferral Plan and of performance-based restricted share units under the RSU Plan. Option-based awards represent the award of stock options pursuant to the Management Long-Term Incentive Plan. The grant date fair value for DSUs is determined by the closing share price of the Company's stock on such date. The grant date fair value for restricted share units and stock options is determined using the lattice-based valuation model and the Black-Scholes option-pricing model, respectively, and considers the following assumptions:

SHARE-BASED AWARDS (RSUs)	2009 (JANUARY)	2009 (JUNE) <sup>(a)</sup>	2010 (JANUARY)	2011 (JANUARY)
Closing share price on grant date (C\$)	\$41.91	\$48.57	\$54.65	\$68.89
Risk-free interest rate over term of the award <sup>(b)</sup>	1.55%	1.60%	1.62%	1.88%
Expected stock price volatility over term of the award <sup>(c)</sup>	27%	29%	29%	28%
Expected annual dividends per share (C\$)	\$1.01	\$1.01	\$1.08	\$1.30
Expected term <sup>(d)</sup>	3 years	2.6 years	3 years	3 years
Resulting fair value per unit (C\$)	\$21.30	\$34.16	\$29.16	\$40.36

OPTION-BASED AWARDS	2009 (JANUARY)	2009 (JUNE) <sup>(a)</sup>	2010 (JANUARY)	2011 (JANUARY)
Closing share price on grant date (C\$)	\$41.91	\$48.57	\$54.65	\$68.89

Resulting fair value per stock option (C\$)	\$12.50	\$15.51	\$13.05	\$15.65

(a) The June valuation relates to the award made to Mr. Jobin on June 1, 2009.

(b) Based on the implied yield available on zero-coupon government issues with an equivalent term commensurate with the expected term of the award.

(c) Based on the historical volatility of the Company's stock over a period commensurate with the expected term of the award, and for option-based awards, also considers the implied volatility from traded options on the Company's stock.

(d) Represents the period of time that awards are expected to be outstanding. For option-based awards, the Company uses historical data to estimate option exercise and employee termination, and groups of employees that have similar historical exercise behaviour are considered separately.

- (1) This table outlines the perquisites and other compensation received by NEOs in 2009, 2010 and 2011. The amounts are calculated based on the incremental cost to the Company. Effective January 1, 2010, the Company eliminated tax gross-ups and revised its policy to restrict the usage of the corporate aircraft to business-related purposes, save for certain exceptional circumstances.
- (2) Perquisites and other personal benefits include the use of a company-leased vehicle, parking, club membership, executive physical exam, financial counselling, and certain healthcare benefits and life insurance coverage. The incremental cost to the Company is determined by the actual cost of the company-leased vehicle (including gas and maintenance fees), parking, club membership, executive physical exam and financial counselling and by the cost of certain healthcare benefits and life insurance coverage in excess of that offered to salaried employees. See section "Executive Perquisites" on page 47 for more details. Perquisites and other personal benefits that amount to less than C\$50,000 (in aggregate) or 10% of total salary for any of the NEOs are reported as "Nil" in this column.
- (3) Represents the value of the Company-match under the Employee Share Investment Plan ("ESIP").
- (4) Represents the service cost for post-retirement life and medical insurance, if applicable.

# Incentive Plan Awards

## Share-based and Option-based Awards in 2011

The following table shows information regarding grants of RSUs made to NEOs under the RSU Plan, grants of stock options made under the Management Long-Term Incentive Plan and awards of company-matched deferred share units under the Voluntary Incentive Deferral Plan in 2011.

NAME	GRANT DATE	AWARD TYPE	SECURITIES, UNITS OR OTHER RIGHTS (#)	END OF PLAN PERIOD OR EXPIRY DATE	SHARE PRICE ON DATE OF GRANT (C\$)	AWARD'S GRANT DATE FAIR VALUE <sup>(1)</sup> (C\$)
Claude Mongeau	January 27, 2011	RSUs <sup>(2)</sup>	72,470	December 31, 2013	68.89	2,924,889
		Options <sup>(3)</sup>	120,000	January 27, 2021	68.89	1,878,000
Luc Jobin	January 27, 2011	RSUs <sup>(2)</sup>	20,960	December 31, 2013	68.89	845,945
	January 31, 2011	Options <sup>(3)</sup>	41,920	January 27, 2021	68.89	656,048
		DSUs <sup>(4)</sup>	2,454	Cessation of Employment	67.89	166,618
Keith E. Creel	January 27, 2011	RSUs <sup>(2)</sup>	21,620	December 31, 2013	68.89	872,583
		Options <sup>(3)</sup>	43,240	January 27, 2021	68.89	676,706
Jean-Jacques Ruest	January 27, 2011	RSUs <sup>(2)</sup>	19,650	December 31, 2013	68.89	793,074
		Options <sup>(3)</sup>	39,300	January 27, 2021	68.89	615,045
Sean Finn	January 27, 2011	RSUs <sup>(2)</sup>	18,340	December 31, 2013	68.89	740,202
		Options <sup>(3)</sup>	36,680	January 27, 2021	68.89	574,042

- (1) The grant date fair values reported for RSUs and options are calculated using the same assumptions as described in the extension to footnote 2 of the Summary Compensation Table on page 55. The grant date fair value reported for Mr. Jobin's DSUs is calculated by multiplying the unrounded number of units (2454.2305) by the share price on the date of grant.
- (2) The RSUs granted in 2011 were made under the RSU Plan. Under this plan, the payout is subject to the attainment of average ROIC targets for the plan period that determine the applicable performance vesting factor (as an example, threshold, target, and maximum performance levels are 50%, 100% and 150% respectively). The payout is also conditional upon meeting a minimum share price condition of C\$67.20 or US\$66.70, as described under "Restricted Share Units: 2011 Award" on page 46.
- (3) The options granted in 2011 were made under the Management Long-Term Incentive Plan and vest over a period of four years, with 25% of the options vesting at each anniversary date of the award. Unexercised options shall expire on the tenth anniversary date of the award. See section "Management Long-Term Incentive Plan" on page 60 for a description of the plan.
- (4) The deferred share units represent the 25% company-match granted upon the deferral of the AIBP or RSU payout. The company-matched deferred share units vest over four years, at a rate of 25% per year. See section "Deferred Compensation Plans" on page 62 for a description of the plan.

- (1) Includes all stock options granted under the Management Long-Term Incentive Plan and outstanding on December 31, 2011.
- (2) All option exercise prices shown are in Canadian dollars. Where applicable, option exercise prices in U.S. dollars resulting from option grants to NEOs made in U.S. dollars, were converted to Canadian dollars using the December 31, 2011 exchange rate of US\$1 = C\$1.0170. The following table presents the option exercise prices that were converted to Canadian dollars:

OPTION EXPIRATION DATE	OPTION EXERCISE PRICE (US\$)	OPTION EXERCISE PRICE (C\$)
2021/01/27	69.41	70.59
2020/01/28	51.24	52.11
2019/06/01	44.37	45.12

2016/01/27	44.93	45.69
2015/01/28	29.19	29.68

- (3) The value of unexercised in-the-money options at financial year-end for options granted to NEOs in Canadian dollars is the difference between the closing share price of the common shares on December 31, 2011, on the TSX (C\$80.15) and the exercise price. The value of unexercised in-the-money options at financial year-end for options granted to NEOs in U.S. dollars is the difference between the closing share price of the common shares on December 31, 2011 on the New York Stock Exchange (US\$78.56) converted to Canadian dollars based on the December 31, 2011 exchange rate of US\$1 = C\$1.0170 (i.e. US\$78.56 \* 1.0170 = C\$79.90) and the exercise price converted to Canadian dollars using this same exchange rate. Please refer to Note 2 of this table for additional details. This value has not been, and may never be, realized. The actual gains, if any, will depend on the value of the common shares on the date of exercise.
- (4) Includes all RSUs outstanding on December 31, 2011 that have not vested on such date under the RSU Plan. Payouts for these units are conditional upon meeting performance criteria and a minimum share price condition that may or may not be achieved. For Mr. Jobin, the value also includes the company-match deferred share units outstanding on December 31, 2011 (3,231 units) that have not vested on such date under the Voluntary Incentive Deferral Plan. Under the plan, company-match deferred share units vest over four years, at a rate of 25% per year.
- (5) The value of outstanding share units awarded under the RSU Plan is based on the closing price of the common shares on the TSX on December 31, 2011 (C\$80.15) assuming that the target average return on invested capital objective (i.e. 100%) and the minimum share price condition will be met. In accordance with the plan, a performance vesting factor between 0% and 150% will apply to the awarded share units. For Mr. Jobin, the value of the company-matched deferred share units awarded under the Voluntary Incentive Deferral Plan is based on the closing price of the common shares on the TSX on December 31, 2011 (C\$80.15) and is equivalent to C\$258,942.
- (6) Includes the value as at December 31, 2011 of the 2009 RSU awards granted under the RSU Plan based on the closing price of the Company's common shares on the TSX of C\$80.15. The average return on invested capital for the period ending on December 31, 2011 was 13.91%, exceeding the target for the plan period. The performance vesting factor was therefore 122.6% and the minimum share price condition was also met. Payout for the 2009 RSU award occurred in February 2012 and was based on the average 20-day share price for the period ending January 31, 2012 (C\$78.14). Also includes the value as at December 31, 2011 of the deferred share units that have vested under the terms of the Voluntary Incentive Deferral Plan and the Senior Executive Bonus Share Plan based on the closing share price of the Company's common shares on the TSX of C\$80.15. Units held under these deferred compensation plans are only payable upon cessation of employment (please refer to page 62 for more details on the Company's Deferred Compensation Plans). The following table provides the breakdown, for each of the NEOs, of the market value of vested share-based awards that were not paid out or distributed on December 31, 2011:

NEO	2009 RSUs (C\$)	ACCUMULATED DSUs (C\$)	TOTAL (C\$)
Claude Mongeau	3,930,556	15,713,567	19,644,123
Luc Jobin	1,719,618	1,171,131	2,890,749
Keith E. Creel	3,930,556	7,069,902	11,000,458
Jean-Jacques Ruest	982,639	6,045,096	7,027,735
Sean Finn	3,439,237	–	3,439,237

## Incentive Plan Awards – Value Vested or Earned During the Year

The following table shows the value from incentive plans vested or earned by NEOs under the Company's incentive plans, including the annual incentive bonus, restricted share units, deferred share units and stock options earned during the financial year ended December 31, 2011.

NAME	OPTION-BASED AWARDS – VALUE VESTED DURING THE YEAR <sup>(1)</sup> (C\$)	SHARE-BASED AWARDS – VALUE VESTED DURING THE YEAR <sup>(2)</sup> (C\$)	NON-EQUITY INCENTIVE PLAN COMPENSATION – VALUE EARNED DURING THE YEAR <sup>(3)</sup> (C\$)
Claude Mongeau	1,791,834	3,930,556	2,112,055
Luc Jobin	464,560	1,737,190	694,992
Keith E. Creel	1,426,095	3,930,556	713,947
Jean-Jacques Ruest	450,984	982,639	650,766
Sean Finn	1,095,602	3,439,237	605,115

- (1) Represents the value of the potential gains from options granted under the Management Long-Term Incentive Plan in 2007, 2008, 2009 and 2010 that have vested during the 2011 financial year. These grants all vest over four years, with 25% of options vesting on each anniversary date (see section "Management Long-Term Incentive Plan" starting on page 60 for a description of the Plan). The potential gains are calculated as the difference between the closing price of the common shares on each of the option grant anniversary dates in 2011 and the exercise price, converted to Canadian dollars when applicable using the exchange rate on such vesting date (see "Currency Exchange Information" on page 68). This value has not been, and may never be, realized. The actual gains, if any, will depend on the value of the common shares on the date of exercise.
- (2) Includes RSUs granted in 2009 that vested on December 31, 2011 under the RSU Plan and, for Mr. Jobin, the 25% of the Company-matched deferred share units that vested on January 31, 2011 under the Voluntary Incentive Deferral Plan. The RSU values included in the table have been calculated by multiplying the number of units granted by the performance vesting factor of 122.6% and by the closing price of the common shares on December 31, 2011 on the TSX (C\$80.15). As provided under the plan, the actual payout to the eligible executives was made in February 2012, based on the 20-day average closing share price ending on January 31, 2012 (C\$78.14/US\$77.31).
- (3) Represents the amount of bonus earned under the Annual Incentive Bonus Plan for the financial year ending on December 31, 2011.

## Management Long-Term Incentive Plan

The Management Long-Term Incentive Plan (the "Plan") was approved by the Company Shareholders on May 7, 1996 and amended on April 28, 1998, April 21, 2005, April 24, 2007 and on March 4, 2008.

Eligible participants under the Plan are employees of the Company or its affiliates as determined by the Board of Directors. Pursuant to an amendment approved by the Board of Directors on March 8, 2005, grants cannot be made to non-executive Board directors under the Plan. While they remained as participants in the Plan for previous grants, the last time non-executive Board directors received options was in 2002, which options have all expired on January 25, 2012. The maximum number of common shares that may be issued under the Plan is 60,000,000. The following table provides information on the status of the reserve and the number of shares issued and issuable under the Plan, as at February 29, 2012.

### OPTIONS OUTSTANDING AND AVAILABLE FOR GRANT AS AT FEBRUARY 29, 2012

	# COMMON SHARES	% OF OUTSTANDING COMMON SHARES
Options already granted and outstanding	6,307,828	1.43
Options issuable under the Plan	10,413,189	2.36
Shares issued following the exercise of options	43,278,983	9.83

The following table presents information concerning stock options granted under the Management Long-Term Incentive Plan as at December 31 of the years indicated below.

	2011	2010
Number of stock options granted	646,340	743,100
Number of employees who were granted stock options	195	194
Number of stock options outstanding as of year-end	6,872,390	8,849,585
Weighted average exercise price of stock options outstanding	C\$40.80	C\$34.30
Number of stock options granted as a % of outstanding shares	0.15%	0.16%
Number of stock options exercised	2,609,918	3,356,150

The maximum number of common shares that may be issued and/or be the subject of a grant to any one participant in a particular year is 20% of the awards in that year. The maximum aggregate number of common shares, with regard to which awards may be made to any participant under the Plan and under any other plan which the Company has or may eventually have, shall not exceed 5% of the common shares issued and outstanding. Also pursuant to the March 8, 2005 amendment, the maximum number of common shares with regard to which awards may be made during a calendar year is limited to 1% of the outstanding common shares at the beginning of that year. As demonstrated in the previous table, the number of stock options granted is well below the 1% limitation. Options are non-transferable except, in certain circumstances, upon the death of the holder of such options.

## STOCK OPTION FEATURES

Grant Currency	Same currency as the recipient's salary
Exercise Price	At least equal to the closing share price of the common shares on the TSX or the NYSE (depending on the grant currency) on the grant date.
Option Period	Ten years
Vesting Criteria	<ul style="list-style-type: none"> <li>Options may become exercisable on the anniversary date ("conventional options") and/or upon meeting performance targets ("performance options") as established for each grant.</li> <li>Since 2005, grants have been of conventional options, which vest over four years, with 25% of options vesting on each anniversary.</li> </ul>
Termination Conditions	<ul style="list-style-type: none"> <li>Stock options shall be cancelled upon the termination of a participant's employment for cause or if the participant voluntarily terminates employment.</li> <li>In the event that a participant's employment is terminated by the Company other than for cause, all stock options held by such participant shall be cancelled three months after termination of the participant's employment.</li> <li>In the case of retirement, options are cancelled three years after the retirement date.</li> <li>In the event of a participant's death, all available options may be exercised by the estate within a period of twelve months.</li> <li>In the event non-compete, non-solicitation, confidentiality or other conditions of the grant are breached, the options shall be forfeited and cancelled.</li> </ul> <p>These conditions are subject to the discretion of the Committee.</p>

At the 2007 annual meeting, shareholders approved an ordinary resolution confirming the addition of new amendment provisions to the Plan. Such amendment provisions state that the Board of Directors or the Committee, as provided in the Plan or pursuant to a specific delegation and in accordance with applicable legislation and regulations, may amend any of the provisions of the Plan or suspend or terminate the Plan or amend the terms of any then outstanding award of options under the Plan ("**Options**") provided, however, that the Company shall obtain shareholder approval for:

- i. any amendment to the maximum number of common shares issuable under the Plan, except for adjustments in the event that such shares are subdivided, consolidated, converted or reclassified by the Company or that any other action of a similar nature affecting such shares is taken by the Company (a "**Share Adjustment**");
- ii. any amendment which would allow non-employee directors to be eligible for new awards under the Plan;
- iii. any amendment which would permit any Option granted under the Plan to be transferable or assignable other than by will or pursuant to succession laws (estate settlements);

- iv. the addition of a cashless exercise feature, payable in cash or common shares, which does not provide for a full deduction of the number of underlying shares from the Plan reserve;
- v. the addition in the Plan of deferred or restricted share unit provisions or any other provisions which result in participants receiving common shares while no cash consideration is received by the Company;
- vi. any reduction in the exercise price of an Option after the Option has been granted to a participant or any cancellation of an Option and the substitution of that Option by a new Option with a reduced exercise price granted to the same participant, except in the case of a Share Adjustment;
- vii. any extension to the term of an outstanding Option beyond the original expiry date, except in the case of an extension due to a blackout period;
- viii. any increase to the maximum number of common shares that may be issued:
  - a. under the Plan to any one participant during any calendar year; or
  - b. under the Plan and under any other plan to any one participant; and
- ix. the addition in the Plan of any form of financial assistance and any amendment to a financial assistance provision which is more favourable to participants.

No amendment, suspension or termination shall, except with the written consent or the deemed consent of the participants concerned, affect the terms and conditions of Options previously granted under the Plan, unless the rights of the participants shall then have terminated in accordance with the Plan.

On March 4, 2008, the Plan was amended to include a "double trigger provision". Pursuant to such provisions, provided that a proper substitute is granted, the vesting of non-performance-based options held by a participant would not accelerate upon a Change of Control, unless the participant is terminated without cause or resigns for good reason. Please refer to "Change of Control Provisions" on page 47 for more details on such amendment.

### Deferred Compensation Plans

The Company introduced, in 2002, its Voluntary Incentive Deferral Plan. This plan allows NEOs and other senior management employees to elect to defer up to 100% of their annual bonus, RSU payouts and other amounts paid under an eligible incentive plan (as approved by the Board of Directors) into deferred share units (“DSUs”) payable in cash upon retirement or termination of employment. A deferred share unit is equivalent to a common share of the Company and earns notional dividends, which are re-invested into additional deferred share units, when cash dividends are paid on the Company’s common shares. The amount deferred is converted into a number of units at the deferral date, using the 20-day average closing share price. Deferral elections are made at least six months prior to the end of the performance period of the incentive plan. The maximum total amount participants can defer to DSUs is equivalent to their ownership requirement under the Stock Ownership guidelines (see section on “Stock Ownership” under “Other Key Compensation Policies of the Company” on page 47 for a detailed description). In other words, the election to receive eligible incentive payments in deferred share units is not available to a participant when the value of the participant’s vested deferred share unit account is sufficient to meet the Company’s stock ownership guidelines.

The Company also credits a company match equal to 25% of the number of deferred share units. These company-matched deferred share units vest over a period of four years (25% per year) from the deferral date.

The payout of the deferred share units is established based on the 20-day average closing share price at the retirement or termination date and includes the vested company-matched deferred share units as well as accrued notional dividends over the deferral period. Payment for eligible Canadian executives is made in a lump sum following the termination. For eligible U.S. tax payers, in compliance with U.S. tax regulations, payment of amounts deferred or vested after December 31, 2004 is made after a six-month waiting period in a lump sum or in monthly instalments not exceeding ten years, in accordance with the executive’s irrevocable election.

Because of its tax effectiveness and the additional company-match, this plan provides an opportunity for executives to increase their stake in the Company, linking their future returns to the share price performance.

Certain executives hold deferred share units in accordance with past awards made under the Senior Executive Bonus Share Plan. These awards, which vested in January 2001, are payable upon their retirement or termination date. No additional awards may be made under this plan.

No modification to the nature of the deferrals under both plans can be made, unless the Board of Directors approves an amendment of the plans.

### Employment Contracts/ Arrangements

Claude Mongeau was appointed President and CEO of the Company effective January 1, 2010. The Board of Directors, upon the recommendation of the Committee, approved, at its April 20, 2009 meeting, the terms and conditions of Mr. Mongeau’s employment. Mr. Mongeau’s employment as CEO is not for a fixed term; he serves at the will of the Board.

For 2011, Mr. Mongeau’s salary was increased to US\$975,000, as part of the annual compensation review process, based on performance and market trends. The President and CEO remains eligible for the same compensation and benefit plans and policies as the other executives except for the following:

- Under the Annual Incentive Bonus Plan, his target payout is 120% of base salary with a payout ranging from 0% to 240%.
- The supplemental pension plan remains in effect, but the annual pension benefit payable under this plan upon retirement is capped at US\$1,000,000. See also the “Pension Plan Benefits” section of this Information Circular.
- Mr. Mongeau is required to maintain a minimum level of stock ownership equivalent to five times his annual salary. He is also required to maintain this stock ownership level for one year after retirement.
- Mr. Mongeau is limited to participating in only one outside public company board.

The Company has not entered into formal employment agreements with the other Named Executive Officers. It has only provided appointment letters setting forth general details of employment which are all described in this Information Circular.

## Pension Plan Benefits

### Canadian Pension Plans and Other Retirement Arrangements

#### CN'S PRINCIPAL PENSION PLAN ("CNPP") AND SENIOR MANAGEMENT PENSION PLAN ("SMPP")

Messrs. Mongeau, Ruest and Finn participate in the CNPP and SMPP, which are federally-registered defined benefit pension plans designed to provide retirement benefits based on pensionable years of service and highest average earnings. Highest average earnings are defined as the average pensionable earnings during the last 60 months of compensated service or the best five consecutive calendar years, whichever is greater. Under the CNPP, pensionable earnings consist of base salary and overtime. Under the SMPP, pensionable earnings include base salary, overtime, and bonuses paid by the Company under the Annual Incentive Bonus Plan, up to the employee's target level. The aggregate annual retirement benefit payable under both plans is subject to a maximum of C\$2,552 per year of pensionable service for 2011 and is calculated as follows:

- 1.7% of highest average earnings up to the average year's maximum pensionable earnings ("YMPE") as defined under the Canada Pension Plan, multiplied by the number of years of pensionable service (maximum 35 years)
- plus
- 2.0% of highest average earnings in excess of the YMPE, multiplied by the number of years of pensionable service (maximum 35 years).

Under both plans, if the sum of the participant's age and years of pensionable service is at least 85 and the participant is age 55 or over at the time of retirement, the participant is eligible to receive an immediate, unreduced pension, subject to Company consent. Retirement benefits vest immediately when participation begins.

#### SPECIAL RETIREMENT STIPEND

Executives and senior management employees who enter into an agreement, which includes confidentiality, non-compete and non-solicitation clauses, participate in a non-registered, supplemental executive retirement program called the Special Retirement Stipend ("SRS").

Messrs. Mongeau, Ruest and Finn have each signed an SRS agreement.

The annual amount payable under the SRS equals 2% of the employee's highest average earnings in excess of the average earnings that result in the maximum pension under the CNPP and SMPP (approximately C\$134,523 in 2011), multiplied by the number of years of pensionable service (maximum 35 years).

Earnings consist of base salary and bonuses paid by the Company under the Annual Incentive Bonus Plan, up to the employee's target level.

If the sum of the participant's age and years of pensionable service is at least 85 and the participant is age 55 or over at the time of retirement, the participant is eligible to receive an immediate, unreduced SRS benefit, subject to the conditions set out in the agreement.

SRS benefits for employees who entered into an SRS agreement prior to July 1, 2002 vest after two years. For employees who entered into an SRS agreement on or after July 1, 2002, the SRS benefits become vested only if the employee remains in active service for two years and until the age of 55. SRS retirement benefits are paid out of operating funds and secured through a letter of credit.

Mr. Mongeau's annual benefit under the SRS shall not exceed US\$1,000,000 (C\$1,017,000).

#### DEFINED CONTRIBUTION PENSION PLAN FOR EXECUTIVES AND SENIOR MANAGEMENT ("DCPP")

Mr. Jobin participates in the DCPP.

The DCPP is a federally-registered defined contribution pension plan that was introduced for executives and senior management employees on January 1, 2006. For non-unionized employees other than executives and senior management, a separate defined contribution plan was also introduced on the same date. Executives and senior management employees hired prior to January 1, 2006 had a one-time opportunity to either join the DCPP or maintain participation in the CNPP and SMPP mentioned above. Messrs. Mongeau, Ruest and Finn elected to remain in the CNPP and SMPP. Executives and senior management employees hired on or after January 1, 2006 automatically join the DCPP.

Executives participating in the DCPP contribute a specific percentage of their pensionable earnings into their account and the Company contributes the same percentage, subject to the maximum contribution imposed by the *Income Tax Act* (C\$22,970 in 2011).

The contribution percentage for executives depends on age and service as follows:

POINTS (SUM OF AGE AND SERVICE)	% OF PENSIONABLE EARNINGS
Up to 39	6%
40-49	7%
50-59	8%
60 and above	9%

Pensionable earnings include base salary and bonuses payable under the Annual Incentive Bonus Plan up to the employee's target level. All contributions vest immediately and are invested in various investment funds as selected by the participant. No withdrawals or distributions are permitted prior to employment termination.

#### **DEFINED CONTRIBUTION SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN ("DC SERP")**

Mr. Jobin participates in the DC SERP.

The DC SERP is a non-registered defined contribution pension plan designed to provide executives and senior management employees with retirement benefits in excess of the *Income Tax Act* limits applicable to the DCPD described above. In other words, for each calendar year, once contributions have reached the limit prescribed by the *Income Tax Act* in the DCPD, an amount equal to employer and employee contributions in excess of the limit is gradually credited by the Company to a notional account under the DC SERP. These notional contributions vest after two years of employment. Employees do not contribute to the DC SERP.

Notional contributions accrue investment credits using the same investment options as selected by the participant in the DCPD. No withdrawals or distributions are permitted prior to employment termination.

Effective January 1, 2011, the DC SERP was amended to include certain confidentiality, non-compete, non-solicitation and other covenants as a condition of payment of retirement benefits accruing as of the effective date.

#### **U.S. Pension Plans and Other Retirement Arrangements**

Mr. Creel participates in the following U.S. pension plans:

##### **DEFINED BENEFIT PENSION PLAN**

This qualified defined benefit pension plan is designed to provide retirement benefits equal to 0.4% of highest average earnings plus 0.3% of highest average earnings in excess of Railroad Retirement Board average covered compensation (C\$78,533 in 2011) multiplied by the number of years of credited service (maximum 35 years).

Highest average earnings are defined as the average pensionable earnings during the best 60 full consecutive months in the last 120 full consecutive months of employment. Pensionable earnings consist of base salary and overtime and are capped at the average of the U.S. *Internal Revenue Code* limit, over the last five years (C\$242,046 in 2011). The retirement benefit is payable without reduction at age 65 or age 60 if the employee has 30 years of credited service or 30 years of Railroad Retirement Board service. Retirement benefits vest after five years of employment.

##### **SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN ("SERP")**

The SERP is a non-qualified, unfunded defined benefit pension plan. It is designed to provide executives and senior management employees with retirement benefits equal to 2% of highest average earnings, multiplied by the number of years of credited service (maximum 35 years) minus the offsets described below. Highest average earnings are defined as the average pensionable earnings during the best 60 full consecutive months in the last 120 full consecutive months of employment. Earnings consist of base salary and bonuses paid by the Company under the Annual Incentive Bonus Plan, up to the employee's target level. The SERP pension is offset by:

- (i) the pension payable under the Defined Benefit Pension Plan;
- (ii) the U.S. Railroad Retirement Board Tier 2 pension; and
- (iii) the amount of a single life annuity that can be purchased with the 3% maximum employer matching contributions available under the Savings Plan described below.

SERP benefits for employees who joined the plan prior to July 1, 2002 vest after five years. For employees who joined the plan on or after July 1, 2002, SERP benefits become vested only if the employee remains in active service for five years and until the age of 55.

Generally, the SERP pension benefit is payable without reduction at age 65 or age 60 if the participant has 30 years of credited service or 30 years of Railroad Retirement Board service. Participants had until December 31, 2008 to elect to receive their lifetime pension benefit at a different age than the above retirement ages, but no earlier than six months after retirement or termination of employment. Retirement benefits accrued and vested prior to January 1, 2005 are not subject to the six-month delay. Retirement benefits cannot be paid earlier than age 55. Effective July 15, 2010, the SERP was amended to include certain confidentiality, non-compete, non-solicitation and other covenants as a condition of payment of retirement benefits accruing as of the effective date.

##### **QUALIFIED SAVINGS PLAN ("SAVINGS PLAN")**

The Savings Plan is a qualified 401(k) plan. Participants may make voluntary "pre-tax" contributions to the Savings Plan subject to limitations imposed by the U.S. *Internal Revenue Code*. The voluntary contributions are partially matched by the Company. The matching contribution is limited to 50% of the first 6% of the employee's pre-tax salary. All contributions are immediately and fully vested upon contribution and are invested in various investment funds as selected by the participant.

**DEFINED CONTRIBUTION FEATURE (“DC FEATURE”)**

The DC Feature was introduced for non-unionized employees on January 1, 2006. Non-unionized employees hired prior to January 1, 2006 had a one-time opportunity to either join the DC Feature or maintain participation in the Defined Benefit Pension Plan mentioned above. On January 1, 2006, Mr. Creel ceased to accrue credited service in the Defined Benefit Pension Plan and joined the DC Feature. The DC Feature provides for an additional employer contribution of 3.5% of base salary to the Savings Plan, subject to limitations imposed by the U.S. *Internal Revenue Code*. Employer contributions are vested after three years of service with the Company. Contributions are invested in various investment funds as selected by the participant. No withdrawals or distributions are permitted prior to employment termination.

**U.S. DEFINED CONTRIBUTION SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN (“U.S. DC SERP”)**

The U.S. DC SERP is a non-qualified, unfunded pension plan which complements the DC Feature described above. The U.S. DC SERP is a stand-alone plan, which provides executives and senior management employees with a Company contribution on eligible compensation without regard to the limitations imposed by the U.S. *Internal Revenue Code*. Eligible compensation consists of base salary and bonuses payable under the Annual Incentive Bonus Plan, up to the employee’s target level.

The contribution percentage for executives depends on age and service as follows:

POINTS (SUM OF AGE AND SERVICE)	% OF ELIGIBLE COMPENSATION
Up to 39	5%
40-49	6%
50-59	7%
60 and above	8%

Contributions vest after two years of service with the Company and benefits cannot begin to be paid earlier than six months after retirement or termination of employment. No withdrawals or distributions are permitted prior to employment termination. On January 1, 2006, Mr. Creel ceased to accrue credited service in the SERP and joined the U.S. DC SERP.

Effective January 1, 2011, the U.S. DC SERP was amended to include certain confidentiality, non-compete, non-solicitation and other covenants as a condition of payment of retirement benefits accruing as of the effective date.

## Defined Benefit Plans Table

The following amounts have been calculated using the same actuarial assumptions as those used in Note 12 – Pensions, on page 70 and page 67 of the 2011 and 2010 Annual Report, respectively, available on the Company's website at [www.cn.ca](http://www.cn.ca) and on SEDAR at [www.sedar.com](http://www.sedar.com). The amounts calculated in this table are estimates only and are based on assumptions, which may or may not materialize. Amounts shown in this table include pension benefits from the Company's defined benefit registered pension plans and non-registered supplemental pension arrangements for 2011 and are in Canadian dollars.

NAME	NUMBER OF YEARS OF CREDITED SERVICE (#)	ANNUAL BENEFITS PAYABLE		OPENING PRESENT VALUE OF DEFINED BENEFIT OBLIGATION <sup>(3)</sup> (C\$)	COMPENSATORY CHANGE <sup>(1)</sup> (C\$)				NON-COMPENSATORY CHANGE <sup>(4)</sup> (C\$)	CLOSING PRESENT VALUE OF DEFINED BENEFIT OBLIGATION <sup>(3)</sup> (C\$)
		AT YEAR END (C\$)	AT AGE 65 <sup>(2)</sup> (C\$)		SERVICE COST	IMPACT OF SALARY/BONUS	IMPACT OF PLAN CHANGES	TOTAL		
Claude Mongeau	17.67	470,000	1,157,000	6,765,000	407,000	(134,000)	1,000	274,000	1,600,000	8,639,000
Keith E. Creel <sup>(5)</sup>	9.75	139,000	158,000	1,606,000	0	(12,000)	0	(12,000)	359,000	1,953,000

- (1) The change in present value that is attributable to compensation includes the service cost net of employee contributions, the increase in earnings in excess or below what was assumed and the impact of plan changes. The service cost net of employee contributions is the estimated value of the employer portion of benefits accrued during the calendar year.
- (2) The projected pension is based on current compensation levels and assumes the executive will receive 80% of his target bonus for the years after 2011.
- (3) The present value of defined benefit obligation is the value of the benefits accrued for all service to the specified date.
- (4) The change in present value that is not compensatory includes employee contributions, interest cost, change in assumptions and gains and losses other than those resulting from a difference in earnings. The impact on the present value at the end of 2011 relating to the change in assumptions was mainly due to the decrease in the discount rate which increased the present value.
- (5) Mr. Creel no longer accrues service in the Defined Benefit Pension Plan or SERP since he started participating in the DC Feature and U.S. DC SERP on January 1, 2006.

## Defined Contribution Plans Table

The table below includes amounts from the Company's registered and non-registered defined contribution plans.

NAME	ACCUMULATED VALUE AT START OF YEAR (C\$)	COMPENSATORY AMOUNT <sup>(1)</sup> (C\$)	NON-COMPENSATORY AMOUNT <sup>(2)</sup> (C\$)	ACCUMULATED VALUE AT YEAR END (C\$)
Luc Jobin <sup>(3)</sup>	179,715	142,360	15,687	337,761
Keith E. Creel <sup>(4)</sup>	781,147	80,351	203,308	1,064,806

- (1) Represents employer contributions and notional contributions.
- (2) Represents notional investment credits and losses, employee contributions, if any, and investment gains and losses.
- (3) Mr. Jobin participates in the Defined Contribution Pension Plan and DC SERP.
- (4) Mr. Creel participates in the Savings Plan, DC Feature and U.S. DC SERP.

## Non-Registered Plans Table

The following table provides the total present value for CN's non-registered defined benefit and defined contribution plans. These amounts were determined using the same actuarial assumptions as those used in Note 12 – Pensions, on page 70 and page 67 of the 2011 and 2010 Annual Report, respectively, available on the Company's website at [www.cn.ca](http://www.cn.ca) and on SEDAR at [www.sedar.com](http://www.sedar.com), and include the value of active, deferred and retired executive and senior management members for 2011.

PLANS	OPENING PRESENT VALUE OF BENEFIT OBLIGATION (C\$)	CLOSING PRESENT VALUE OF BENEFIT OBLIGATION (C\$)
Non-Registered Defined Benefit Plans in Canada and U.S.	224,400,000	258,300,000 <sup>(1)</sup>
Non-Registered Defined Contribution Plans in Canada and U.S.	900,000	1,400,000

- (1) The change in the present value at the end of 2011 was mainly due to the decrease in the discount rate which increased the present value.

## Termination and Change of Control Benefits

The Company does not have contractual arrangements or other agreements in connection with termination, resignation, retirement, change of control or a change in responsibilities of a Named Executive Officer, other than the conditions provided in the compensation plans, and summarized as follows:

	RESIGNATION	INVOLUNTARY TERMINATION		RETIREMENT		CHANGE OF CONTROL		TERMINATION FOR CAUSE
Annual Incentive Bonus Plan	Forfeits eligibility to the plan	Entitled to a bonus based on corporate and individual performance and prorated on active service in plan year		Entitled to a bonus based on corporate and individual performance and prorated on active service in plan year		No specific provision		Forfeits eligibility to the plan
Stock Options <sup>(1)</sup>	All stock options are cancelled	<i>Grants made before January 2009</i> Continued vesting for three months Exercise of vested options within three months or otherwise forfeited	<i>Grants made since January 2009</i> Subject to respect of 2-year non-compete, non-solicitation and confidentiality provisions Continued vesting for three months Exercise of vested options within three months or otherwise forfeited	<i>Grants made before January 2009</i> Continued vesting for three years Exercise of vested options within three years or otherwise forfeited	<i>Grants made since January 2009</i> Subject to respect of 2-year non-compete, non-solicitation and confidentiality provisions Continued vesting for three years Exercise of vested options within three years or otherwise forfeited Since 2011, the above conditions only apply if the executive remains in continuous and active service until the last day of the year in which the grant was made	<i>Grants made prior to March 4, 2008</i> Immediate vesting of conventional options	<i>Grants made since March 4, 2008</i> If proper substitute is granted, immediate vesting would occur only if participant is terminated without cause or resigns for good reason within two years of the Change of Control	All stock options are cancelled
Restricted Shares Units <sup>(1)</sup>	All RSUs are cancelled	Partial payout if performance criteria met and prorated based on active service during the plan period		Full payout if performance criteria met and if the executive remains in continuous and active service until the last day of the year in which the grant was made		If proper substitute is granted, immediate vesting would occur only if participant is terminated without cause or resigns for good reason within two years of the Change in Control		All RSUs are cancelled
Deferred Share Units	Payment of all vested units, including the vested company-matched DSUs	Payment of all vested units, including the vested company-matched DSUs		Payment of all vested units, including the vested company-matched DSUs		Immediate vesting of unvested company-matched DSUs		Payment of all vested units, including the vested company-matched DSUs
Registered Pension Plans	Payment of vested benefits	Payment of vested benefits		Payment of vested benefits		Payment of vested benefits		Payment of vested benefits
Non-Registered Pension Plans and Arrangements <sup>(1)</sup>	Payment of vested benefits	Payment of vested benefits		Payment of vested benefits		Payment of vested benefits		Payment of vested benefits, except for SRS benefits which are forfeited

(1) In the event of resignation, involuntary termination, retirement or change of control, the payment of awards or vested benefits is subject to certain non-compete, non-solicitation and non-disclosure of confidential information provisions as per the respective plan rules and arrangements.

Severance entitlement payable to the NEOs would generally be determined in accordance with applicable legal requirements.

## Involuntary Termination

In the event of an involuntary termination, an NEO would receive a severance amount generally in line with applicable legal requirements. No incremental amounts would be payable. Share-based awards, option-based awards and other benefits will be treated as per the terms of the plans under which they were granted, as described in the summary Termination and Change of Control Benefits table on page 67.

## Retirement

On December 31, 2011, Mr. Ruest was the only NEO eligible for retirement. Had he retired on December 31, 2011, no incremental amounts would be payable. Share-based awards, option-based awards and other benefits will be treated as per the terms of the plans under which they were granted, as described in the summary Termination and Change of Control Benefits table on page 67.

## Change of Control

The following table shows the incremental benefits that NEOs would have been entitled to had there been a change of control on December 31, 2011.

### CHANGE OF CONTROL

NAME	RESTRICTED SHARE UNITS <sup>(1)</sup> (C\$)	STOCK OPTIONS <sup>(2)</sup> (C\$)	DEFERRED SHARE UNITS <sup>(3)</sup> (C\$)	TOTAL (C\$)
Claude Mongeau	0	464,972	0	464,972
Luc Jobin	0	0	258,942	258,942
Keith E. Creel	0	464,972	0	464,972
Jean-Jacques Ruest	0	118,838	0	118,838
Sean Finn	0	325,481	0	325,481

- (1) An NEO would be eligible to immediate vesting only if no proper substitute is granted, or if the executive is terminated without cause or resigns for good reason within two years of the change of control.
- (2) NEOs would be eligible to immediate vesting following a change of control for options granted in 2008. The value shown is equal to the number of options that would vest multiplied by the difference between the closing price of the common shares on December 31, 2011 and the exercise price, converted using the December 31, 2011 (US\$1 = C\$1.0170) exchange rate for U.S. dollar denominated options. For stock options granted since March 4, 2008, immediate vesting would occur only if no proper substitute is granted, or if the executive is terminated without cause or resigns for good reason within two years of the change of control.
- (3) An NEO would be eligible to immediate vesting of the unvested company-matched deferred share units allocated to an executive following the deferral of compensation in previous years (see page 62, section "Deferred Compensation Plans" for a description of the Voluntary Incentive Deferral Plan). The value shown is equal to the number of deferred share units that would vest multiplied by the closing share price of common shares on December 31, 2011 (C\$80.15).

# SCHEDULE "A" – MANDATE OF THE BOARD

The Board has clearly delineated its role and the role of management. The role of the Board is to supervise the management of CN's business and affairs, with the objective of increasing shareholder value. Management's role is to conduct the day-to-day operations in a way that will meet this objective.

The Board approves all matters expressly required herein, under the *Canada Business Corporations Act* and other applicable legislation and CN's Articles and By-laws. The Board may assign to Board committees the prior review of any issues it is responsible for, or as required by applicable laws. Board committee recommendations are generally subject to Board approval. The Board has delegated the approval of certain matters to management pursuant to its Standing Resolutions on Delegation of Authority, as amended from time to time.

Meetings of the Board are held at least nine times a year and as necessary.

As part of its stewardship responsibility, the Board advises management on significant business issues and has the following responsibilities:

- A. **Approving CN's strategy**
  - adopting a strategic planning process, approving and reviewing, on at least an annual basis, a business plan and a strategic framework which take into account, among other things, the opportunities and risks of the business, and monitoring the implementation of the business plan by management.
- B. **Assessing and overseeing the succession planning of executive management**
  - choosing the President and Chief Executive Officer (the "President and CEO"), appointing executive management and monitoring President and CEO and executive management performance taking into consideration Board expectations and fixed objectives, approving the President and CEO's corporate goals and objectives and approving annually President and CEO and executive management compensation;
  - ensuring that an appropriate portion of President and CEO and executive management compensation is tied to both the short- and longer-term performance of CN;
  - taking all reasonable steps to ensure that processes are in place for the recruitment, training, development and retention of executives who exhibit the highest standards of integrity as well as competence.
- C. **Monitoring Corporate Governance issues**
  - monitoring the size and composition of the Board to favour effective decision-making;
  - taking all reasonable measures to satisfy itself as to the integrity of management and that management creates a culture of integrity throughout CN;
  - monitoring and reviewing, as appropriate, CN's approach to governance issues and monitoring and reviewing, as appropriate, CN's Corporate Governance Manual and policies and measures for receiving shareholder feedback;
  - taking all reasonable steps to ensure the highest quality of ethical standards, including reviewing, on a regular basis, the Code of Business Conduct applicable to CN's directors, its President and CEO, senior financial officers, other executives and employees, monitoring compliance with such code, approving any waiver from compliance with the code for directors and executive officers and ensuring appropriate disclosure of any such waiver;
  - ensuring the regular performance assessment of the Board, Board committees, Board and committee chairs and individual directors and determining their remuneration;
  - approving the list of Board nominees for election by shareholders and filling Board vacancies;
  - adopting and reviewing orientation and continuing education programs for directors;
  - overseeing the disclosure of a method for interested parties to communicate directly with the Board Chair or with the non-management directors as a group.
- D. **Monitoring financial matters and internal controls**
  - monitoring the quality and integrity of CN's accounting and financial reporting systems, disclosure controls and procedures, internal controls and management information systems, including by overseeing:
    - (i) the integrity and quality of CN's financial statements and other financial information and the appropriateness of their disclosure;
    - (ii) the review of the Audit Committee on external auditors' independence and qualifications;
    - (iii) the performance of CN's internal audit function and of CN's external auditors; and
    - (iv) CN's compliance with applicable legal and regulatory requirements (including those related to environment, safety and security);
  - ensuring that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of CN's business;
  - adopting communications and disclosure policies and monitoring CN's investor relations programs.

**E. Monitoring Pension Fund matters**

- monitoring and reviewing, as appropriate, CN's pension fund policies and practices, including the investment policies of the Canadian National Railway Pension Trust Funds or any other pension trust fund established in connection with a new pension plan or any other pension plan offered or administered by CN (the "CN's Pension Trust Funds");
- approving the annual budget of the Investment Division of CN's Pension Trust Funds.

**F. Monitoring environmental, safety and security matters**

- monitoring and reviewing, as appropriate, CN's environmental, safety and security policies and practices.

The non-executive Board members meet before or after every Board meeting without the presence of management and under the chairmanship of the Board Chair. If such group includes directors who are not Independent, an executive session including only Independent directors is held regularly.

Board members are expected to demonstrate a high level of professionalism in discharging their responsibilities. They are expected to attend the meetings of the Board and of the Board committees on which they sit and to rigorously prepare for and actively participate in such meetings. They should review all meeting materials in advance. They are also expected to be available to provide advice and counsel to the President and CEO or other corporate officers of CN upon request.

The Board annually reviews the adequacy of its mandate.
